Saying goodbye to us

Fransa van Staden, who has been our Bible Tannie for the past 12 years, has decided to say goodbye to our school. Fransa has been teaching our kids about the Lord for many years. She also started giving Sunday School lessons in the Community Hall in Mooi Uitsig. Fransa was, and always will be, part of our school family. She was not only here for our children, but also for our teachers. We all go through difficult times and she, and Claudia (who will continue with the teaching), always prayed for us and gave us big hugs and support. Fransa is joining her husband now, bringing the Good News to their Church. Fransa, your spot in the classroom will be empty, but our hearts will always be filled with your love. Thank you so much for all the years of support, love and prayers.

RECYCLING AND CLEAN-UP VOLUNTEERS

Olivia, Karool and friends visited our school. They started the Morsbag Project producing material bags to replace plastic bags. They showed the kids a video about litter and also told them how plastic is affecting our planet.

Fact : Globally, every minute, over 1 million plastic bags are used and discarded
Gut-wrenching Fact : Marine wildlife mistakes plastic bags for jellyfish, ingests them, and dies

- Frustrating Fact** : It's taking too long for supermarkets and politicians to sort it out. Plastic bags are still blowing in the wind and choking the whales
- Happy Fact** : Making Morsbags will help immediately

Plastic bags in water are serial killers. The dolphin, whale, turtle or bird dies by suffocation, or starvation, and decomposes around the bag. The bag floats off, ready for its next "victim". Nobody knows how long these treacherous bags take to bio-degrade. Humans have only been using them for 40 years but they are already covering the planet. Plastic bags photo-degrade (breaking down into smaller, and smaller, toxic pieces) and the pieces infiltrate every part of the food chain, for marine wildlife and humans.

Each child received a Morsbag to take home to their parents and, at the next Parent Meeting, each parent received another one. They will also receive two more in the future. The children are also starting to fill up 2 Litre bottles with plastic. They are very excited to participate in the competition that Sandra set up the child that fills the most bottles each month, will be taken out for a burger and a milkshake! The Community is already looking much cleaner since the competition started! Thank you, Olivia and Karool, for this initiative and for all the work involved in making the bags — we appreciate it so much!

DR VISSER (DENTIST), AND HIS WIFE, VISITED THE SCHOOL

Once again, Dr. Visser visited our school and spoke to the children about the importance of healthy food and drink, but also how to keep their teeth healthy. Each child received a toothbrush and some toothpaste. Thank you, Doctor, for always remembering our school!

STARTING A FOOD KITCHEN

A Feeding Scheme, which was started a month ago, supplies a meal on weekends for the hungry children of Mooi Uitsig. We have heard that, over weekends, the kids go from house to house asking for food. Here is Louise, our Cook, and Genevieve, our Assistant, giving up their time on weekends to come in to the school, prepare the food and give it to the children. We feed kids up to 13 years old at this stage. Thank you to Louise and Genevieve, you make a huge difference!

SENIOR CLASSWORK

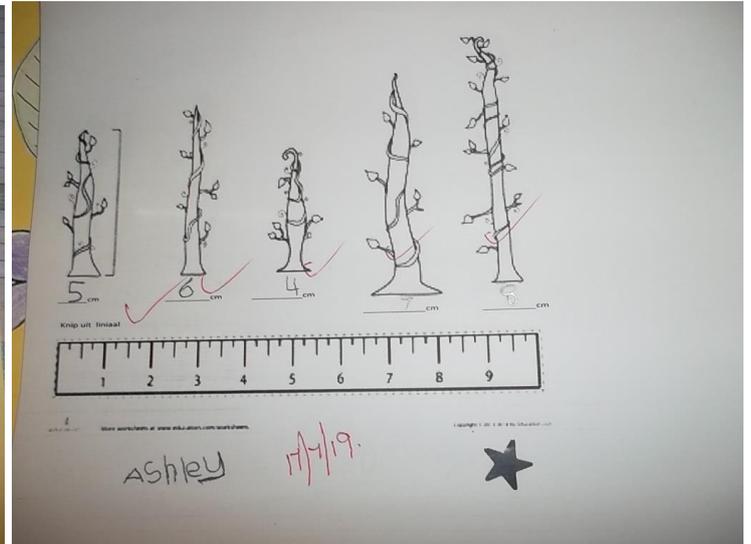

Learning about patterns

Learning about numbers

Learning how to measure

Using shapes to make a picture

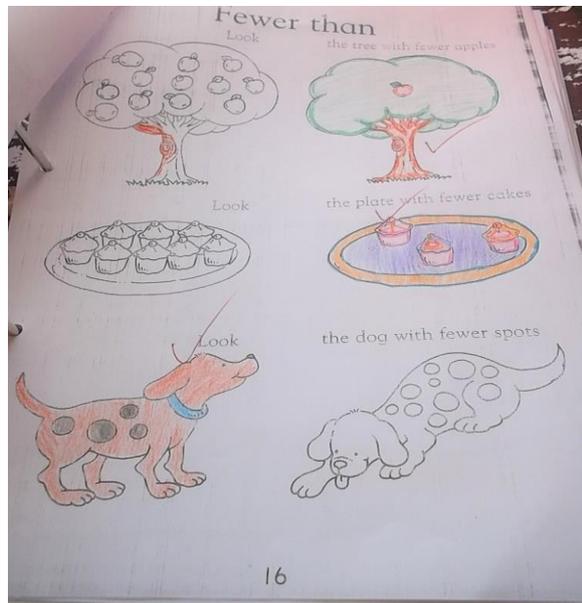

I have 1 sweet on one side and 3 sweets on the other side what must I do so that both sides are equal?

Complete the other half of the picture

WHAT MUST I DO TO SEE WHICH SIDE IS THE HEAVIEST AND WHICH SIDE IS THE LIGHTEST?

THIS IS HOW I LEARN TO ADD

COUNTING

SENIOR CLASS STORYTIME

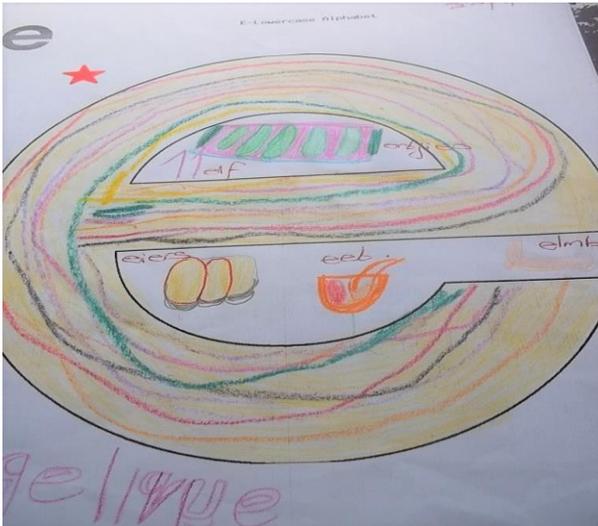

Throw the dice and, when it lands on a "B", for example, you must give me a word that starts with a "B". If you are right, you get a tick see who wins!

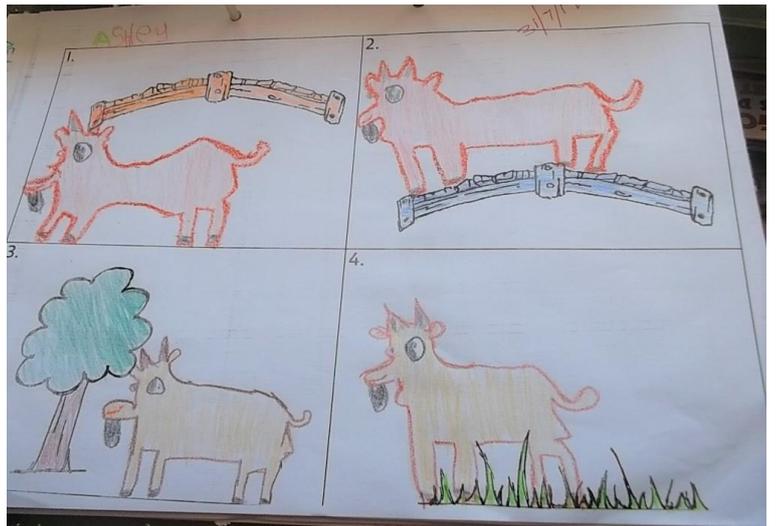

DRAW THE PART OF THE STORY YOU LIKED MOST

Draw things that start with the letter "E"

Learning about under, on top, and on

The Letter "G"

Story : The Three Deer. Draw the part you liked most

JUNIOR CLASS WORK

Theme – Transport

Theme – Occupations : Kids making a nurse

FIRE BRIGADE

AMBULANCE

LOOK AT ME

I am Yusuf — 4 years old and I built a 56-piece puzzle! WOW!!

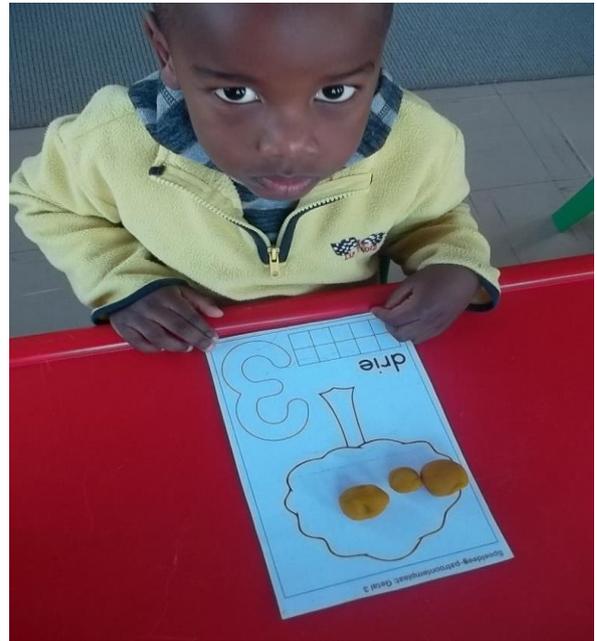

LEARNING TO SORT

LEARNING ABOUT PATTERNS

LEARNING NUMBERS

THIS IS WINTER

BIRTHDAYS

GIA turned 4

ADELANE turned 6

WISH LIST

- ✿ Any enamel or acrylic paints for the school's maintenance
- ✿ Food donations for the soup kitchen for children over the weekends
- ✿ Any cookie / sweet tins

R50 DONATION PER MONTH

A few years back, we asked our friends for a R50 donation per month to help our school and children. It started off well but, due to all the crime in our area, many donors decided not to contribute any more. This is having a bad effect on the financial situation of our school. At this stage, we only have 11 people contributing. Please, may I ask all of our friends who feel that our school is making a difference, to please help us by contributing towards the resultant shortfall that we are experiencing at the moment.

Our banking details are at the bottom of the letter. Thank you so much, in advance, to all of you who decide to assist us.

NOTE TO ALL DONORS

At the end of the Financial Year, you will be provided with an Income Tax Certificate, in terms of Section 18A of the Income Tax Act. The amount reflected on this Certificate may be deducted from your Gross Taxable Income.

CASH DONATIONS

- + INGLE
- + JACK BEIGHTON
- + LOTETTE LUCKETT
- + NA GREEN
- + MERVYN BLYTH
- + JA RUSSELL
- + HEATHER & ROB GRANT
- + GRAHAM CHARNOCK
- + LAMPIES CORNELIUS
- + W.I.N.G.S.
- + SANDRA TALJAARD
- + DIARMUID & JENNY BAIGRIE
- + DAVID & RACHEL FOWKES
- + AFRICAN KOMBI TOURS
- + BB GLASS
- + SUSAN GRAY
- + CHRIS & JUDY NEW
- + FATHER IVAN & MAUREEN SMITH
- + STEMRAY WEATFIELD FOUNDATION
- + NANCY & ANDREW PARKER (U.K.)
