### LOOPBAANUITSTALLING

Die jaarlikse HSB- loopbaanuitstalling het op 10 Mei 2024 by HSB plaasgevind. Leerders het die geleentheid gekry om met verskeie uitstallers van verskillende universiteite en instansies te gesels. Die BD's het ook inligting en pamflette rakende verskeie loopbaankeuses ingesamel. Baie dankie aan juf Anneri Slabbert wat aan die stuur van sake was.

## **FREEDOM FLIGHT DRONE DELIVERY SYSTEM**

The robotics team are building a drone for the SITA Robotics Challenge 2024. The team members are Kaylee Nel (gr 8), Jennifer Roestoff (gr 9), Stephan Lochner (gr 8) and Daniel Fourie (gr 8).

Why is the team building a drone?

The learners studied the Government plan for health (NDP2030), and decided to research HIV. They found that an estimated 7.8 million people are living with HIV. Poverty prevents sufferers from having access to the basic treatment of HIV. They noted that HIV positive patients are affected negatively, because they do not have access to treatment and information for basic lifestyle changes. The stigma around HIV makes it difficult to live in a community, so anonymity is important. A major problem is that delivery of ART to people in rural areas is difficult because of the bad infrastructure. Roads are frequently impassable, and people often travel long distances to access a clinic. Consequently the learners felt they could help people cope with HIV by delivering ARV medication to them in a discreet and secure way, and provide them with information about living with HIV, using a drone with security features.

The team will present their **FREEDOM FLIGHT** drone at the finals to be held from the 24<sup>th</sup> to the 27<sup>th</sup> June in the Eastern Cape.

We are fortunate to have Mande-Mari Darby, who was in last year's team, as the teams' mentor. She has been a tremendous inspiration to the team of 2024.

*Mr Donald Cook*

## **WORKSHOP ON DESIGN THINKING**

The team attended a workshop at BHS on Design Thinking, presented by Zanele from Durban University of Technology. The course was well presented. Zanele understood the learners, he got down to their level. The learners were engaged and they felt that they learnt a lot from the experience

## REKENAAROLIMPIADE

Die gr 10 tot 12 BD's wat flink is met die vingers en supersterk wat rekenaarsake betref, het vanaf 6 tot 10 Mei aan die jaarlikse "Computer Application"-olimpiade deelgeneem. 'n Totaal van 25 leerders het aanvanklik sake uitgespook. Ons hou duimvas vir goeie uitslae, want slegs leerders wat tot rondte 1 deurgedring het, sal per uitnodiging op 5 Junie aan rondte 2 mag deelneem.

Die deelnemers is:

|                  |                  |
