AKADEMIE

Robotics Regional Competition

On Saturday, 15 August, a Lego Spike Prime Regional Competition was held at the University of the Western Cape (UWC). The Education Faculty hosted the event which featured an inspiring address to participants by the Dean of Science.

Teams were privileged to compete in the Main Hall, with this year's event setting a new participation record. A total of 25 teams competed in the Junior RoboMission category, which included the team from Hoërskool Bredasdorp (HSB).

Learner Feedback

"We were required to build and program an autonomous robot to pick up and relocate objects to earn points. Because the robot operated independently,

we could not control it manually if something went wrong. A surprise rule was introduced during the competition, teaching us the importance of adaptability and knowing when to pivot rather than spending too much time on an ineffective solution.

Although we did not place in the top 10 to qualify for nationals, it was an invaluable learning experience. For anyone interested in getting started with robotics, this competition is an excellent place to begin."

PROTEA COLOURS FOR DANCE – MaDFun Dance Creative Advanced group

MaDFun Studio celebrates National Competition Success, second place in South Africa during the SABOD Championship.

The dancers in the MaDFun Dance Creative group have paved the way yet again! From the Platteland to Poland!!!! They are: Tamarin Konstabel (gr 11), Nanicke Odendaal (gr 11), Erin Salo (gr 11), Joagen Olivier (gr 10), Kyla Louw (gr 12), Jodi Olivier (gr 12), Kayla O'Ehley (gr 12), Ciara Konstabel (gr 8).

This group of dancers recently competed in the SABOD (South African Body of Dance) World Trial Circuit qualifier in Cape Town. Through 2 rounds of competition, they placed third in their section on both occasions and were awarded their official Western Province Colours for dance.

Nicole O'Neill (Bredasdorp High School Matric 2020, provincial dance colors), who is assistant hip hop coach for the team and the studio, also participated at this prestigious event in the hip hop battle category and placed 1st in the Hip hop solo category, resulting in her being awarded her provincial colours as well.

The group went on to represent their province in Johannesburg from the 7th to the 10th of August, at the SABOD National Championships for Performing arts and Street dance, affiliated with the Federation of Dance Sport South Africa. The dancers competed for a spot in the South African team, and their official Protea Colours in Dance.

Our dancers took to the stage with an undeniable force and danced their hearts and souls out on that theatre stage, carrying our Studio family and Overberg community with them.

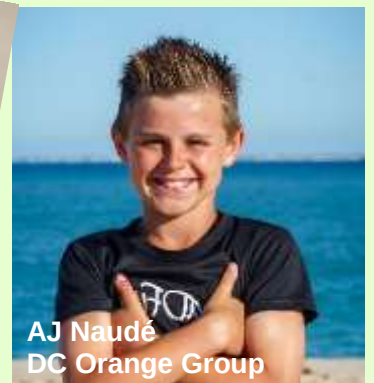

After performing, all the dancers took to the stage to hear the results. After much anticipation, they were awarded the following:

MaDFun Dance Creative Advanced group – 2nd place in the hip hop formation 17/O (17 years and over) category

Due to these phenomenal results, both the team and Nicole have been selected to represent South Africa as part of the National Team at the International Dance Organisation World Hip Hop Championships set to take place in Poland in October 2026 and have qualified for their National Protea Colours in Dance!

We are SO PROUD of each of you!!

A special thank you to the assistant hip hop coach, Nicole O'Neill, and the team coach, Simóne Rossouw, for the hours of work and training that went into preparing the group for this event. The results speak for themselves.
