The Excelsior Wind Energy Farm project between Swellendam and Bredasdorp are currently under construction.

The project involves the construction of a wind farm about 30km south-west of Swellendam with a nameplate capacity of 32.5MW and a contracted capacity of 31.9MW.

The project is located on an estimated 2400ha and will comprise of 13 turbines of 2.5MW each and a hub of 90m. The on-site Excelsior substation will connect to the Vryheid substation at a voltage of 132kV.

Pavilion Sentrum, Langstraat, Bredasdorp, P.O. Box 597,  
Sanlamhof, 7532 Tel. (028) 424 1986 Fax. (028) 424 1048
