ABOUT

BARC Non Profit Trust (IT 3001/2009), is an Animal Welfare Organization who's primary objectives are to care for and relieve the suffering of mistreated and neglected animals in the greater Gansbay, Stanford, Baardscheerdersbosch and Pearly Beach areas in the Western Cape,

DESCRIPTION

BARC is a small animal welfare organization covering about 6,500 households in an area of approximately 1,000 sq Km. with only one Field Worker. Our animal holding area consists of 14 kennels and a cattery.

Our main objectives are animal welfare services like sterilization, dipping and parasite control. Unfortunately sometimes we have to euthanase suffering animals. Strayed and roaming animals are caught and kept in pound until the owners are located. If not, we look for suitable and loving homes for them also Feral cats are caught and sterilized.

FUNDING

Our main funding is from Overstrand Municipality for work we do on a tender basis. We also have a second hand shop where we sell goods donated by the public. We also have various fund-raising projects to raise money. Otherwise we are totally depended on financial donations from the public and other businesses.

The above funding hardly covers the account for veterinary services and the running of the day to day expenses. We are always in need for extra funding to be able to provide more veterinary services and care for the animals of the less privileged community.

Our Banking Details: Nedbank, Gansbay

Bank code: 198765

Bank Account No: 1498103006 (Cheque Acc)

We thank you.
