

**NEWSLETTER ... 1 April 2020**

*Dear reader*

*In this second BARC Quarterly newsletter, I would like to give due recognition to the BARC committee ladies who work tirelessly to raise funds. Their loyalty, dedication, love, care and passion is evident as they knit, sew, bake, crochet and even wield a hammer to create items for BARC funding. Three hurrahs for you ladies, may BARC prosper and continue the compassionate work for years to come. \*Please do ask Annalie Jonker 0828260631 if you need factual information as random stories damage not only the organization but the animals that BARC cares for.*

*\*And then there is the Covid virus, with testing restrictions. During this time of LOCKDOWN please do not forget our animals at the kennels. PLEASE contribute, see page 6 for more information as all fundraising events have now been cancelled.*

*\*Please also help spread the word that dogs and cats cannot pass on the virus, it is only transmittable between humans. Some shelters sadly received animals due to total misinformation. \*BARC is an essential service so the animals are looked after during LOCKDOWN. \*We wish you a very blessed Easter period, do remember chocolates are not good for your canine. Rest assured that if your kids do not find all the Easter eggs that you hide, your dog is bound to.*

#### **CHIP YOUR PET FOR PEACE OF MIND**

**BARC has acquired 50 chips so you can tag your dog or cat when the LOCKDOWN has been lifted.** If your tagged pet goes missing and is found, it could be scanned by BARC or the vet and returned to its rightful owners, wonderful peace of mind.

**Procedure:** You need to go to **BARC kennels during office hours (weekdays from 9:00 to 16:00 and Sat from 9:00 to 11:00)** and fill in the form provided. This will cost you R100. Take this form to **Dr Robey** (ask BARC for directions) who works in Gansbaai on **Tuesdays and Thursdays from 13:00.** **Dr Robey will insert the chip, the vet cost is covered by the R100 you paid at BARC.** This is a special offer for the first 50 chips. **Do not attempt to insert the chip yourself, it could result in paralysis of your pet. Remember the once off R100 payment covers all costs.**
