

NEWSLETTER December 2020

Dear BARC friends

On behalf of all of us at BARC we wish you a very blessed Xmas season and a happy and prosperous 2021. We also wish our animals and pets a season of love and caring.

This past year with all its trials and tribulations stood out as one where people reached out to those in need. We would like to thank each and everyone who made a difference to the lives of our cats and dogs during this time. We were amazed and grateful for all the goodwill that still exists in trying times. It is a sobering thought that our dogs and cats will always be dependant on us for their welfare.

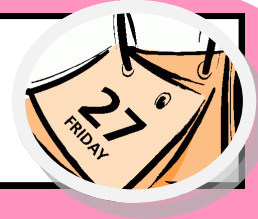

We appreciate your continued support of BARC, remember that you can book your pets in if you do not have accommodation for them over the festive season. Contact Nols at 0837423903 for the tariff.

Enjoy the season with loved ones and pets and stay safe and healthy.

BARC GOLF DAY

Golfers on the 18th green in front of the clubhouse.

Estelle, Elsabe and Annalie relaxing before golfers come off the course.

Wind flags and a bottle of water were hand-outs given to all players.

On 28 November BARC held its annual sponsored golf day. The day turned out to be perfect after some really bad weather leading up to the event. The day was well supported with an American Scramble format. We would like to thank all the sponsors who contributed towards prizes or towards the event, this competition is unique in that every player receives a prize. Annalie informed the players of the role that BARC plays in the welfare of our animals and where the money raised would be applied. An auction helped to contribute towards the total funds raised for the day, which exceeded expectations.

Ominous weather early morning turned into a perfect golf day

Ready for adoption

It costs R400 to adopt a cat/kitten and R500 to adopt a dog/puppy. This fee includes vaccination, sterilization and deworming. The adoption fee does not closely match real sterilization costs ; in addition BARC also absorbs extra expenses such as home checks and any extra vet expenses.

Diesel came to the kennels in a shocking condition. Look at him now! Diesel is looking for a loving and understanding forever home.
