Our — Identity

Who We Are

At Core Tactical Services (CTS), we are dedicated to creating safer environments where our clients can confidently live and work. We deliver tailored security and protection solutions through a team of highly trained professionals with diverse, multidisciplinary expertise—ensuring a holistic and effective approach to risk management.

Our client-centric philosophy ensures consistent, high-level service delivery. This commitment to excellence has earned CTS the trust of organizations that demand reliability, discretion, and superior performance.

Innovation & Leadership

At CTS, we believe that innovation is key to staying ahead of emerging threats. Through continuous research and analysis, we actively seek out the latest advancements in security technology and strategy. This allows us to equip our teams—and our clients—with cutting-edge solutions that meet today's challenges and anticipate tomorrow's risks. We don't follow trends—we set them.

Business Ethics

Integrity, professionalism, and accountability form the backbone of our operations. We adhere to a strict ethical code and will never enter into any agreement that compromises our principles. These values guide every decision we make and every service we provide. We also invest heavily in ongoing training and evaluation to ensure our personnel consistently perform at the highest standard. This commitment to growth and ethics ensures our clients receive not only superior service—but one they can trust without question.

Vision & Mission

Vision

To become the benchmark of excellence in the security industry by delivering innovative, ethical, and client-focused protection solutions. We strive to set new standards through advanced training, forward-thinking strategies, and a commitment to creating safer spaces for individuals, businesses, and communities. Our vision is to lead the industry—not by size, but by reputation, reliability, and results.

Mission

At Core Tactical Services, our mission is to provide comprehensive, tailored security and protection services that empower our clients to operate with confidence in any environment. We achieve this through the deployment of highly skilled teams trained in tactical operations, risk mitigation, and advanced surveillance methods. Guided by strong ethics and a client-first approach, we continuously invest in innovation, training, and research to stay ahead of emerging threats and evolving security needs. Our goal is to build lasting partnerships through trust, professionalism, and consistently exceptional service.

Our Services

At CTS, our Response Units are composed of highly trained officers with extensive expertise in tactical shooting, advanced defensive and offensive driving, urban and bush warfare, tactical first aid, surveillance, and counter-surveillance operations.

Tactical Response & Patrol Unit

We offer a comprehensive range of guarding services, including retail, commercial, access control, and rural patrol security. All personnel are supported 24/7 by our Tactical Response Unit, ensuring rapid assistance and uninterrupted protection.

Guarding

CTS riot control officers are rigorously vetted and expertly trained to respond with precision and efficiency in high-risk situations, ensuring the safety of all parties while minimizing disruption to your business operations.

Riot Control

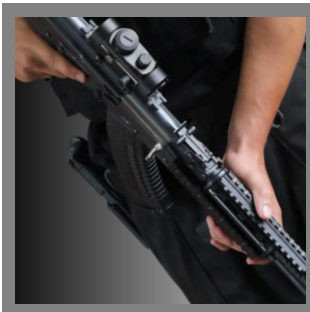

Anti-poaching

Our highly trained operatives possess the skills and expertise to perform at peak efficiency in high-risk, potentially violent, and life-threatening situations. Equipped with advanced tools and specialized training, our elite team's unwavering commitment to excellence reinforces our client-centric approach to security.

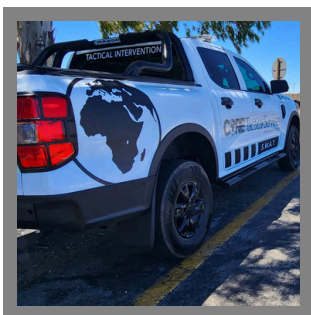

Agri-Protection

Farm security is rapidly emerging as one of the most specialized sectors in the security industry. By combining the expertise of our specially trained officers with cutting-edge surveillance and security technology, we deliver reliable, cost-effective protection tailored to the unique needs of rural environments.

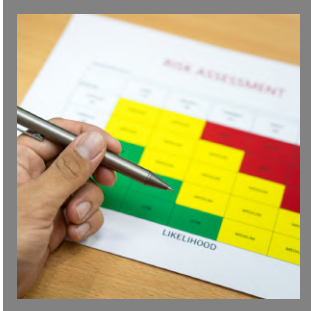

Our SWAT Unit specializes in high-risk tactical interventions, responding decisively to situations involving extreme danger with precision, discipline, and expertise.

SWAT (Special Weapons And Tactics)

Armed Escorting of Assets in Transit

CTS provides a fully equipped infrastructure to deliver professional and effective armed escort services for high-value assets in transit. Our escort vehicles are operated by highly trained tactical officers, ensuring maximum security every step of the way.

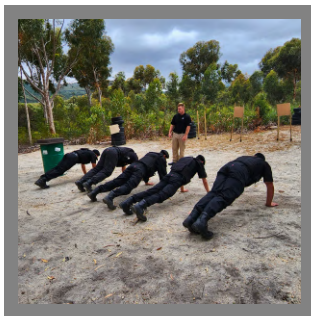

CTS boasts a dynamic security consulting division, dedicated to helping businesses mitigate risk through expert security risk assessments and strategic guidance.

Security Risk Assessment

Executive Protection is designed to deliver maximum safety and security for high-profile individuals or anyone exposed to personal risk.

Executive Protection

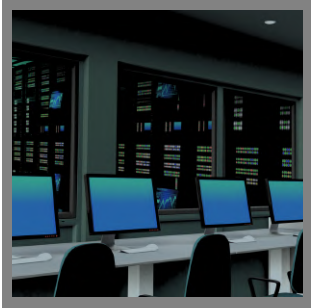

We provide specialized awareness and emergency procedure training tailored to our clients and their personnel, empowering them to respond confidently and effectively in critical situations

Training

We provide comprehensive assessment, installation, and maintenance of surveillance and security equipment—essential for monitoring activities, managing risks, and effectively safeguarding individuals.

Installation of Surveillance & Security Equipment

CTS operates a state-of-the-art control room that serves as the nerve center for monitoring and coordinating all security operations seamlessly and in real time.

24/7 Monitoring of Security & Surveillance systems

Our Clients

CORE Tactical Services partners with a discerning portfolio of clients across the agricultural, commercial and industrial sectors. Based in Cape Town and operating throughout South Africa, we provide bespoke security solutions designed to meet the highest standards of protection and discretion.

Our clients include estate owners, corporate facilities, remote agricultural operations, and high-value developments – all trusting us for our professionalism, precision, and unwavering commitment to safety.

Our — Directors

At the helm of Core Tactical Services is a team of seasoned professionals who bring decades of combined experience in security, risk management, and strategic leadership. Their diverse expertise and unwavering commitment to excellence drive the vision, innovation, and integrity that define our operations. Under their guidance, CTS continues to set new benchmarks in client-focused, ethical security solutions.

ARRIE COLESKE – Chief Executive Officer (CEO)

Arrie began his security career immediately after completing school, quickly distinguishing himself through advanced training in Tactical Operations, Close Quarter Combat, and Executive Close Protection. Widely respected for his innovative approach to Urban and Rural Warfare, Riot Control, and Agri-Security, he brings a results-driven mindset to every mission. As CEO, Arrie oversees all operational facets of Core Tactical Services, ensuring that our tactical teams consistently meet and exceed the highest performance standards.

ARNOLD COLESKE – Director

Arnold Coleske is a Licensed Aircraft Engineer with extensive corporate experience across Africa, the Middle East, and Europe. He brings a unique blend of technical acumen and business leadership to Core Tactical Services, backed by a strong background in training facilitation, technical advising, risk assessment, and corporate sales and marketing. As Director, Arnold plays a key role in overseeing daily business operations and provides strategic input in Special Operations and Risk Management initiatives.

ERIKA COLESKE – Director

Erika brings a wealth of expertise spanning Occupational Health and Safety, Corporate Sales, Customer Relations, and Project Management. As a qualified Architectural Technologist, K9 Handler, and Wilderness First Responder, she combines technical knowledge with practical skills. Fueled by a deep passion for rural safety, Erika is committed to empowering families and communities to enhance their security awareness and take proactive steps to protect themselves and their surroundings.

LARISSA COLESKE – Director

Larissa has been a key member of CORE Tactical Services since its founding, beginning her career by completing the company's demanding Tactical Training Program and qualifying as a DH5 Tactical Dog Handler. Gaining vital experience as a Tactical Officer in high-risk environments, she later transitioned into a technical leadership role driven by her passion for innovation. Now serving as Technical Manager, Larissa specializes in surveillance systems and monitoring technologies, combining her frontline and technical expertise to help shape CORE's advanced security solutions and contribute significantly to the company's growth and industry reputation.

NASTASJA VAN NIEKERK – Director

Nastasja van Niekerk entered the agricultural industry in 2010 after pursuing studies in agriculture, quickly carving out a reputation for her sharp insight and hands-on leadership. With deep expertise in labour law, ethical standards audits, and high-level HR and payroll management, she has overseen operations for thousands of employees across multiple farms. Nastasja brings a bold, innovative edge to agri-protection—fusing her agricultural background with tactical training to deliver dynamic, forward-thinking Agri-protection security solutions across the Western Cape.

Our Reach

Your Safety Isn't Optional. It's Essential.

When it comes to protecting what matters most—your people, property, and peace of mind—there's no room for compromise. At Core Tactical Security, we don't just provide security; we deliver confidence, control, and continuity. Whether you need elite protection for your business, advanced surveillance solutions, or highly trained personnel for high-risk environments, we tailor every service to meet your exact needs—flawlessly and without fail.

Our clients don't wait for threats to become real—they act. So should you. Let's build a safer tomorrow, starting today.
