Milestone moment as Gansbaai Academia acquires first School Vehicles

Gansbaai Academia is proud to announce the acquisition of a new school vehicle, as well as a mini-bus taxi, marking an important milestone in the continued development and operational growth of the school. "This is the first time that Gansbaai Academia has acquired its own newly purchased vehicles," said Wilton Phillips, Deputy Principal of Gansbaai Academia. "This significantly enhances the school's capacity to support learner activities, official school responsibilities, and daily operational needs." The two vehicles purchased include a school vehicle, a Suzuki Ertiga, acquired from Suzuki Hermanus, and a mini-bus taxi, a Toyota Hiace Taxi Ses'fikile 2.5D, purchased from Hermanus Toyota.

"The vehicles were funded from the proceeds of Rachel's Angels Trust, a trust formed by Media24, of which the school was a beneficiary," said Phillips. "This funding enabled the school to acquire the vehicles without placing additional financial pressure on the school or its stakeholders." The acquisition of the vehicles without any outstanding debt reflects sound financial management and strategic planning by the School Management Team and the School

Governing Body. "This achievement also aligns with the school's long-term vision to strengthen infrastructure and improve service delivery in support of teaching, learning, and holistic learner development," Phillips said.

Gepaste tydsberekening vir Gebedsdag ,Boodskap van Hoop'

Met die verwoede veldbrande die afgelope tyd, vakansiegangers wat kom kuier, en die geestelike welstand van Groter Gansbaai, is 'n Gebedsdag deur 'n groep gelowiges op Woensdag, 10 Desember 2025, gehou. Die reëlins is deur 'n vennootskap tussen Geestelike Misdaadvoorkoming (Gansbaai Spiritual Crime Prevention, SCP), die Gansbaai Polisiëringsforum (GPF) en die SAPD getref - die byeenkoms is op die hospitaalterrein by die ingeplante Kruis gehou.

"Die gedagte was gebed en seën vir die Groter Gansbaai-gemeenskap, sy mense en vakansiegangers wat hierheen op pad is," het Floors Avenant, Kommunikasiekoördineerder van SCP en GPF, gesê. "Gedagtes soos herstel ná die veldbrande, 'n vredevolle en veilige feesgety, rus en herstel vir gesinne, 'n positiewe impak op die omgewingseconomie, goeie verhoudinge, en veral hoop in 'n tyd waarin baie mense armoede, wanhoop en bedreiging van bestaansveiligheid beleef, was deel van die gebede."

Gebedsdag by die Kruis op die hospitaalterrein

Floors sê Deon Naudé, voorsitter van die SCP, het voorgestaan en verduidelik hoe die SAPD, GPF en SCP saam in veiligheid hande vat, maar ook genesing in en vir gemeenskappe en die skepping bevorder. Hy het verwys na 'n stel gemeenskaplike waardes wat deur die SCP ontwerp en aanvaar is. "Dit sal mettertyd met die groter gemeenskap gedeel word - die rol van kerke, maar ook van alle gemeenskapsinstansies, is hierin beklemtoon," het Deon gesê. Chris Swart het in sy boodskap die krag van goeie en

hegte verhoudinge beklemtoon in die bou van weerstand teen die afbrekende kragte van die kwaad en die vestiging van nuwe hoop.

Verskeie gebedsgroepleiers het in gebed voorgestaan, en plaaslike kunstenaars het die sang gelei. Dank is uitgespreek teenoor Marieta Rademeyer wat die geleentheid geïnisieer en gekoördineer het. "Meer soortgelyke handevat-geleenthede word vir ons groter gemeenskap in die vooruitsig gestel vir 2026," het Floors afgesluit.

Sanet Otto tree af ná 'n leeftyd by die Munisipaliteit

Na meer as 40 jaar diens by die Gansbaai Munisipaliteit het Sanet Otto (62), die bekende en vriendelike gesig agter die kassierstoonbank, op 30 November 2025 afgetree. Sy het op 1 April 1985 by Gansbaai Munisipaliteit begin werk, lank voordat Gansbaai deel van die Overstrand Munisipaliteit geword het. Sanet en haar eggenoot, Piet (65), het ontspanne in hul huis, La Wind in Gansbaai, 'n onderhoud met die Gans-Berg Nuis gevoer.

Piet en Sanet Otto

Sanet Otto by haar vriendin, Selma Grové, wat bykans 18 jaar gelede 'n nier aan Sanet geskenk het.

"Destyds het ons alles gedoen - van telefoniste en tikwerk tot motorregistrasies en selfs die verkoop van Formule-melkblikke - en meeste van ons werk is sonder rekenaars met die hand gedoen!" vertel sy. Sedert 1990 was sy voltyds kassier. Vir haar was die werk 'n leerskool van streng dissipline, maar die grootste vreugde was om mense te help waar sy kon. Sanet was bekend as 'n ware mense-mens wat bejaardes met registrasies en die skryf van briewe gehelp het, en sy het ook nuwelinge opgelei. Kort voor haar aftrede het sy op 23 September 2025 'n suksesvolle rugoperasie ondergaan. Haar aftrede is met 'n groot makietie saam met familie gevier, met hul bure, Benita en Tjaart Klue, wat met oornaggeriewe behulpzaam was.

Die egpaar Otto

Sanet, gebore op 2 November 1963, het Piet in 1985 ontmoet - "toe sy voet aan wal in Gansbaai gesit het"! Hulle is op 2 Desember 1989 in Montagu in die huwelik bevestig. Twee kinders is uit die huwelik gebore: Marna (37), ongetroud, en Awie (32), getroud met Jeanine - albei kinders is onderwysers. Die egpaar het vir sowat 12 jaar op die NG Kerkraad gedien,

terwyl Sanet se groot liefde was om sokkies en ander breiwerk te doen en dit dan gratis uit te deel. Piet, 'n gebore Gansbaaiër, het in 1982 op die Pelagiese Vissersboot, Kolgans begin werk, waarvan hy sedert 1996 die skipper is.

Sanet se nier-verhaal

In 2008 het Sanet 'n nuwe lewe gekry toe haar vriendin, Selma Grové, 'n nier aan haar geskenk het. Sanet, gebore met 'n misvormde nier, was 40ste op die waglys. Toe sy hoor Selma is ook O-positief, het sy impulsief gesê: "Dan kan jy mos vir my 'n nier skenk!" Tot Sanet se verbasing het Selma summier gesê: "En waarom nie?!" Die nodige toetse is gedoen en Selma se nier is op 29 Januarie 2008 in die Chris Barnard Gedenkhospitaal oorgeplant. Vandag is Sanet gesond, alhoewel sy steeds medikasie gebruik en eenmaal per jaar vir toetse moet gaan. Piet stuur steeds elke Desembermaand 'n kaartjie en 'n kontantgeskenk aan Selma as blyk van

waardering vir die skenking van haar nier. Sanet vertel dat sy dankbaar is vir Piet se onwrikbare ondersteuning deur al die jare - "Piet is my beste maatjie!"

Aftreeplanne

"Ek het geen vaste planne nie," sê Sanet. "Ek gaan net rus, breiwerk doen en leef soos ek wil, en as ek niks wil doen nie, dan doën ek niks!" Die redaksiespan van die Gans-Berg Nuis bedank Sanet vir haar jarelange flinke diens agter die kassierstoonbank en wens haar goeie gesondheid en vreugde toe vir haar aftreejare.

Trevor Ackerman: I studied Art and Design at numerous institutions over the past 40 years, as well as working in the printing industry. I practised painting and illustration during this time for various companies. I have always been in creative jobs throughout the years. I have worked in different styles and have sold a fair amount of work over time. I am now concentrating mainly on painting and improving my art.

Elmarie Stofberg: As an abstract painter, my work is driven by an expressive and intuitive process, allowing colour, form and gesture to emerge organically. My primary aim is not representation, but to evoke and convey feeling and raw emotion, creating a visual language that resonates directly with the viewer's inner world.

Hanna Barnard: My hart en liefde lê in die skep van kunsstukke om die siel van mens en dier bloot te lê. Ek waag ook my hand aan ander mediums, soos pastel, olieverf en houtskool. Met potlood en papier vind ek my grootste vervulling.

Marilee Scott: I'm a self-taught acrylic artist. Living my dream, I mostly paint seascapes on canvas, both framed and unframed. I learn every day, love being creative and playing with colours, and enjoy living my dream to the fullest.

Jan Kotze: I paint for the calmness and the challenge of creating. Rather than explaining verbally, I prefer my work to form its own impressions on those who observe it.

Martha: As an artist and photographer, I work extensively with acrylics, blending abstract and realistic styles. Photography is integral to my artistic expression, and my subject matter ranges from portraits and macro shots to landscapes, all with a focus on minimalism.

Dries en Susan van Heerden: Dries en Susan van Heerden skep iets uit niks en werk in olie. Vanjaar is daar kleiner werke, sodat alle besoekers iets kan huis toe neem.

Isabel-Anne Meeding: I am an artist painting under the name 'Bella'. I work mostly in oils and often use acrylics for the underpainting. My passion is capturing nature in her boldest and most challenging form. My paintings are stories of colour and hope, and my motive is to be a messenger of JOY.

Katy, Lorna en Ria: Ons is drie dames wat saam 'n passie het om iets te skep uit materiaal van enige vorm van handwerk. Kom loer gerus in by die kunswerke van kwilte, kussings, sokkies, voorskote, pennesakke, gebreide beertjies en poppies.

Shirley Collings: I want to show my students how easily creativity can unfold when they have the right tools to design digitally and turn their work into beautiful printable copies. I love watching beginners realise that they can design beautifully and confidently, without overwhelm. My goal is to spark imagination and empower others to bring their ideas to life through simple, enjoyable Canva techniques that work both on screen and on paper.

Hester Coetzee: As an artist, I'm a vessel for creative expression, bringing new energies and innovative thinking to life. Through my art, writing and speaking, I co-create a new blueprint for living - one guided by the greater good and the wisdom of the universe. I'm humbled to be a conduit for messages that flow through me, and I'm passionate about sharing them with the world.

"YOUR SUPPORT IS THE KEY TO OUR SUCCESS"

Public urged to avoid Cape Fur Seals this Holiday Season due to Rabies risk

The public is urged to exercise caution and follow safety guidelines when encountering Cape fur seals during the summer holidays. While these marine mammals are part of our coastal ecosystem, human interaction can have serious consequences. Recent reports link aggressive seal behaviour to confirmed rabies cases. Seals may also carry other transmissible diseases and have sharp teeth that can cause injury.

Disturbing seals without a permit is illegal under the National Environmental Management: Biodiversity Act (NEMBA) and Threatened or Protected Species (TOPS) regulations. This includes petting, which disrupts natural behaviour and increases the risk of bites, scratches, and disease transmission. Even seal pups found on beaches should not be touched - trained authorities must be contacted for assistance.

Seals often rest on beaches, but may act defensively if threatened or injured. Rabid seals may appear aggressive or disoriented. Rabies is fatal to both humans and unvaccinated animals and can be transmitted through bites, scratches, or saliva. The public is advised not to approach or touch seals. Swimmers and surfers should be especially alert - if a seal is spotted, exit the water immediately and report any suspicious

behaviour to lifeguards or municipal authorities.

If bitten, scratched, or licked by a seal:
 *The beach will be closed immediately, with a shark siren and flag (if available); *Lifeguards will notify CapeNature and the State Veterinarian; *The seal will be monitored and the beach reopened only once it has left or been removed; *Wash the wound with soap and water for 10 - 15 minutes and go to the nearest hospital for rabies post-exposure treatment; *Inform staff that the injury may be from a rabid seal; *If possible, record a video of the seal's behaviour and send it with a location pin to CapeNature at 083 236 2924.

If your pet is bitten or scratched: *Contact the local state veterinarian; *Provide details of the incident and your pet's vaccination history; *Clean the wound as you would for a human; *Ensure pets are vaccinated against rabies - it's the only protection and a legal requirement for all dogs and cats in South Africa.

Tien eenvoudige maniere om ons kusvoëls en seediere te beskerm

“Ons kuslyn wemel van ongelooflike voëllewe - van die pragtige swarttobies tot die klein strandloperjies. Hierdie voëls maak van ons strande hul broeiplek. Kom ons help om dit veilig vir hulle te hou,” sê Janine Taylor van Marine Dynamics, Dyer Island Conservation Trust en die African Penguin and Seabird Sanctuary. “Dieselfde geld vir al ons seediere in die omgewing.”

Janine se tien wenke vir beskerming:

1. Bly onder die hoogwatermerk en kyk waar jy loop. Swarttobies en strandloperjies lê hul eiers net bokant die hoogwaterlyn in oop sand of tussen bamboes. Die eiers is uitstekend gekamouflêer en maklik om te vertrap.
2. Moenie op die strand ry nie. Voertuie op die hoogwatermerk kan neste of kuikens verpletter - gebruik asseblief aangewese paaie of parkeerareas.
3. Moenie klippe of klippies om neste pak nie. Die skuif van natuurlike materiale rondom neste kan voëls afskrik en hul eiers blootstel aan son, roofdiere en nuuskierige kinders of diere.
4. Hou honde aan leibande. Selfs vriendelike honde kan broeiende voëls afskrik en eiers of kuikens aan gevaar blootstel.
5. Bewonder voëls van 'n afstand. As 'n voël hard roep of wegvlieg, is jy waarskynlik te naby aan die nes. Gebruik 'n kamera se zoomlens eerder as om nader te beweeg.
6. Leer kinders om die natuur te respekteer. Wys hulle hoe om voëls te waardeer sonder om hulle te pla.

Moedig liefde en nuuskierigheid vir die natuur by hulle aan.

7. Los klippe, skulpe en dryfhout soos dit is. Hierdie natuurlike materiale bied skuiling en voedsel aan baie diere en voëls.

8. Moenie wilde voëls voer nie. Menslike kos kan hul gesondheid benadeel en veroorsaak dat hulle minder versigtig teenoor mense raak.

9. Vat rommel huis toe. Plastiek, vislyn en selfs botteldoppies kan voëls verwond of versmoor. Daar is spesiale vislynhouers by verskeie visvangplekke - maak gebruik daarvan.

10. Rapporteer beseerde of siek voëls (of ander seediere). As jy 'n beseerde, dooie of seediere in nood sien, skakel die kundiges by die *African Penguin & Seabird Rescue*-lyn: +27 72 598 7117. Moet dit nie self probeer hanteer nie - stuur eerder 'n pin-aanwysing.

“Saam kan ons die swarttobie, al ons kusvoëls en seediere beskerm - een voetspoor op 'n slag!” het Janine afgesluit.

Verantwoordelike vakansiegangers, ekotoeriste en natuurliefhebbers, het 'n waardevolle uitdrukking wanneer hulle na afloop van 'n vakansie huiswaarts keer: “Laat net voetspore agter - neem net herinneringe saam.”

Rare Erica Species rediscovered after nearly four Decades

Takalani Makhomu takes a closer look at the find while Sylvia Wolita observes as her discovery is confirmed.

The elusive and endangered *Erica cunoniensis*.

After an unsuccessful search in 2012, the rare *Erica cunoniensis* was feared extinct. But in September 2025, a team of conservationists made a remarkable rediscovery of this endangered plant species - found for the first time in nearly four decades.

CapeNature staff, in partnership with members of the *Custodians of Rare and Endangered Wildflowers* (CREW), embarked on a challenging expedition to monitor threatened flora on Buffelstalberg in the Kogelberg Nature Reserve.

This reserve hosts the only known population of *Erica cunoniensis*, historically recorded at around 200 individuals. Kogelberg is renowned for its botanical richness, containing approximately 1 800 plant species, 150 of which are endemic to the reserve. The team's persistence paid off with the rediscovery of eight *Erica cunoniensis* plants - proof that even critically endangered species can endure with sustained conservation efforts.

Sylvia Wolita, a Pupil Field Ranger at Kogelberg, made the pivotal first sighting of the elusive plant. "Finding a rare plant species is a reminder that nature is both fragile and resilient. The dedication of our field staff and partners helps us to achieve our

mandate as custodians of the Western Cape's incredible floral diversity," she said.

The sighting sparked great excitement and reaffirmed the importance of ongoing monitoring and conservation. It also highlighted the impact of collaborative fieldwork between CapeNature and citizen scientists through the CREW network. "By combining expertise, curiosity, and commitment, we're able to make meaningful contributions to biodiversity knowledge and ensure that even the rarest species are not forgotten," said Cairestine Lottring, a CapeNature Field Ranger who was part of the monitoring team.

The rediscovery of *Erica cunoniensis* underscores the ecological significance of the Cape Floristic Region, recognised as one of the most biologically diverse areas on Earth. Located almost entirely within the Western

Cape, this biodiversity hotspot contains 13 489 recorded plant species, of which 6 776 (50.2%) are endemic to the province. To safeguard this exceptional biodiversity, CapeNature undertakes various management activities, including fire prevention, invasive species control, responsible tourism, and appropriate urban development.

Poco Musica Musiekskool en Con Grazia - Jaarkonsert

Vinnr: Stiaan Fourie (kitaar) - 2025 Poco Musica Wisseltrofee (prakties) vir Beste Vordering, saam met Liahné Otto (klavier) en Vera du Plessis (blokfluit) wat die 2025 Poco Musica Wisseltrofee (teoretiese vlak) deel.

Asanti Smit het laat weet dat haar Poco Musica Musiekskool en Con Grazia: Ballet vir Beginners, se jaarkonsert op 3 Desember 2025 gehou is. Hierdie talentvolle kinders was al met verskeie geleenthede in die *Gans-Berg Nuis*, en hul talente groei eenvoudig van krag tot krag onder Asanti se bekwame afrigting en leiding. Die meegaande foto's en onderskrifte spreek vanself.

Thia Fourie - Con Grazia se Ballet Wisseltrofee vir die ballerina met die beste samewerking en aandag aan detail deur die jaar.

LSG sluit op 'n vrolike noot

Die laaste inligting en foto's wat Laerskool Gansbaai beskikbaar gestel het, is 'n goeie aanduiding van die vrolike noot waarop hulle die jaar afsluit het. Die Gans-Berg Nuus wens al ons LSG-onderwysers, leerders en hul ouers 'n aangename rustyd toe, asook 'n Geseënde Kersfees en Voorspoedige Nuwe Jaar.

Leerlingraad by Afrikanos

LSG se 2025-leerlingraad het 'n spesiale jaarafsluiting tussen Afrikanos se krokodille gevier - en almal is weer veilig tuis! Hulle is dit eens dat dit 'n dag vol leer, lag en herinneringe was wat hulle nog lank sal bybly.

Trompoppies

Die laaste trompoppie-oefening vir die jaar, saam met die jaarafsluiting, het op 'n hoë noot vir LSG se Trompoppies plaasgevind. Dit was 'n spesiale geleentheid waar hulle kon terugkyk op al die harde werk, dissipline en groei wat

elke meisie getoon het.

Graad 3's kuier by Groeneweide

LSG se graad 3-leerders het op Maandag, 1 Desember 2025, 'n onvergeetlike afsluitingsfunksie by Groeneweide gehou. Die dag was vol pret en waardevolle saamwees as groep. Dit het begin met 'n gesellige piekniek onder die groot bome waar daar saam geëet, gekuier en gelag is. Daarna is die plaasdiere gevoer, en die leerders het ook geleer hoe die diere versorg moet word. Ná die lafenis van 'n melkskommel het hulle weer koers gekry terug.

Mini-atletiek

Op Saterdag, 6 Desember 2025, is 'n Mini-atletiekdag gehou wat terdeë geniet is.
