Bekommerde Vissermanne soek antwoorde....

Die Vissermansvergadering van Maandag, 21 Februarie 2022 in die Birkenhead Boothengelklub se saal, is deur 'n raps meer as 100 vissermanne bygewoon. Hierdie uitsondelike bywoning dui sonder twyfel op die hoë vlak van ontevredenheid en selfs woede oor die onverwagse sluiting van ou en bekende paaie langs die strande - sonder vooraf waarskuwing en met hoë boetes wat teen 'oortreders' opgelê is. Die vissermanne het nogtans gemoedelik opgetree, maar nie gehuiwer om daarop te wys dat hulle erg omgekrap is nie.

Die drie inisieerders van die vergadering was Pieter du Toit, Chris (Goebels) Geldenhuys en Sammy Brett, met laasgenoemde wat met Cape Nature reëlins getref het. Sammy het die verwelkoming behartig, waarna hy die fasiliteerder, Edith Henn bekendgestel het. Op haar beurt het Edith die res van Cape Nature se verteenwoordigers geleentheid gebied om hulself bekend te stel: Johan Burger, Andrae Marais, Phunyzwa Xhegwana en Piere de Villiers.

Pieter het die gaste ingelig dat die vissermanne nie hier is om strande weer oopgestel te kry of enige ander eise te stel nie. "Dit gaan primêr oor die onverwagse sluiting van ou en bekende paaie wat al vir dekades deur die vissermanne gebruik word," het Pieter gesê. "Eerstens wil ons weet wat aanleiding tot hierdie besluit gegee het. Tweedens wil ek noem dat die kostes vir ons 'Wild Cards' jaarliks verhoog word, asook die toegangsgelde, en nou hierdie nuwe skok vir die vissermanne wat kos op die tafel moet kry!" (Luide applouse!)

Edith het na Pieter se openingsrede die vloer oopgestel vir elkeen wat iets op die hart gehad het. Die vergadering het ordelik verloop, maar duidelike woede het gereeld tydens die spreekbeurte opgevlam. "Ons is hier om die probleem

saam met julle te probeer oplos," het Johan Burger gesê. "Daarom het ons nie net na julle klagtes gevra en gesê ons kom op 'n later stadium terug na julle toe nie, maar daar is wel bestaande wetgewing wat net nog nooit toegepas is nie en wat nou hierdie ongelukkigheid tot gevolg het." Soos wat die sprekers aan die woord gekom het, is baie klagtes en ongelukkighede, met gepaardgaande feite, aan

onderhandel en daarna aan die groter groep terug te rapporteer." Pieter het die besprekingspunte saamgevat deur die volgende te sê: "Vergeet nou van die strande, dit is toe en dit is taboe. Kom ons praat vorentoe oor die oopstel van ons paaie en kyk later na ander probleme."

Die komitee wat saamgestel is onder leiding van Pieter du Toit.

'n Oorvol saal met omgekrapte vissermanne.

Johan Burger het verwys na 'n volledige kaart van die gebied wat hy opgetrek het. "Die sinvolle ding om te doen sal wees dat ons in 'n kleiner groep met die kaart vergader om te kyk waar ons wat vir julle kan doen," het Johan gesê. Na afloop van die vergadering is die voorgestelde komitee vanuit die geleedere van die vissermanne saamgestel. Pieter du Toit is as die sameroeper aangewys. Die res van die lede (alfabeties) is: Chris (Goebels) Geldenhuys, Chris (Pikkedouw) Geldenhuys, Eben Swanepoel, Ferdi Joubert, Heinrich (Slappies) Lourens, Oubaas Lesch, Piet Viljoen, Pieter Mannie en Sammy Brett. Pieter het die Gans-Berg Nuus meegedeel dat hy wel in 'n mate positief oor die uitkoms van die vergadering is, maar dit is duidelik dat daar nog 'n moeilike pad is om te stap. "Wat belangrik is, is dat ons nou op 'n 50-50 basis kan 'gee en neem' in hierdie situasie," het hy gesê. "Alles gaan afhang van die uitkoms van die komitee se vergadering met Cape Nature." Die plan is om kort ná die komitee-vergadering, weer 'n volledige vergadering te reël om terugvoering aan die vissermanne te gee.

Cape Nature uitgewys - te veel om op te noem. Die detail van wat bespreek is, was 'n goeie beginpunt om moontlike oplossings te bereik. Wat duidelik in die gesprekke uitgekom het, is dat vissermanne natuurmense is. Hulle het geen behoefte om skade aan te rig, soos wat trekkers met sleepwaens en perlmoensmokkelaars met hulle voertuie doen nie. "Ons wil net by die see uitkom vir ons vis en gebruik altyd dieselfde paaie sonder om enige verwoesting te saai," het een van die sprekers gesê.

Na baie wat gesê is, het Pieter die volgende voorstel aan die hand gedoen: "Dat 'n kleiner groep saamgestel word om so gou moontlik met Cape Nature te

Die beplande vergadering het op Woensdag, 23 Februarie 2022 plaasgevind. Dit was 'n dag na Gans-Berg Nuus se spêtyd vir berigte. Hou die Gans-Berg Nuus dop vir die verdere ontwikkeling van hierdie groot en ernstige saak onder ons vissermanne.

Media Statement By Overstrand Executive Mayor, Dr. Annelie Rabie, Regarding The Schulphoek Housing Project

During a Council meeting held on Monday, 21 February 2022 in the Hermanus Auditorium, Executive Mayor Annelie Rabie addressed Council on the Schulphoek Housing Project.

The Mayor's speech, is published below:

Mr Speaker please allow me to make several statements regarding the Schulphoek Housing Project and specifically related to the following three matters.

- What type and kind of development it should be;
- Beneficiation; and
- Position of the interested and affected parties.

I want to state it categorically that to my knowledge there has never been any formal decision by Council on the type and kind of project that should be developed in Schulphoek. I am aware that there is support for the so-called mixed use housing methodology and some councilors may even have given their support publicly for this, but it remains a fact that there is **no formal council resolution** supporting this or in fact any type of development methodology in Schulphoek. This is a fact.

In term of beneficiaries, I find the number of e-mails and what's apps with objections rather disconcerting as it is completely devoid of all truth and can be regarded as fake news, spread with the, in my view, malicious intent to evoke emotions unnecessarily. I agreed to changing the initial recommendation on the reconstitution of the Social Compact after a discussion I had with Advocate Edmund Wessels, who reminded me that there may be residents currently staying in Ward 7 that are on the waiting list and could probably qualify for a housing opportunity in Schulphoek. After I consulted with the ward councillor, Ms Lombard, she believed it this is not the case, but she will check this against the waiting list. However, there was unanimous agreement amongst my colleagues on the

Mayoral Committee that Ward 7 should be represented on the Social Compact.

I can further confirm that following today's Council meeting a further meeting will be held to re-assess the purpose and guidelines for a social compact which will be presented to Council for consideration. It should be noted that at present none of the minutes of the current social compact served before a council meeting as far as it can be ascertained.

My Council and I are fully aware of the detrimental impact of the delay in getting the project kickstarted specifically how it impacts on interested and affected parties property values in current estates such as Beach Club and any future developments adjacent to the Schulphoek area. There is also an awareness of the unsafe practice by children to use the road as a playground and the number of noise complaints from adjacent neighbours. It is my view that we can find solutions to all these matters only if we work together with all the stakeholders which will not be the case if we continue the current trajectory.

Coming to the plan of action that was drafted to kickstart this project. The Department of Human Settlements (DoHS) needs to sign the Land Availability Agreement (LAA) to take control of the site as they are not allowed take possession. Once the LAA is signed DoHS can continue with the planning for the development of the site and Overstrand Municipality will have no further role in this except for the approval of land use planning applications as it has already been announced that it would be a provincial priority project. I can give you the assurance that Council will do anything within its legislative powers to fast-track any applications should they be received. We are also aware of development proposals and plans already drafted. As soon as the LAA is signed and the DoHS enters the fray, these will be addressed by the technical committee. I can also confirm that nowhere in

the documentation that served before Council today, any mention is made of the abolishment of the mixed-use development or that only serviced erven are considered. This is simply untrue. However, it is the constitutional responsibility of the Municipality to provide basic services to all its citizens and while we are waiting for the Schulphoek project to take shape I need to make sure that we give effect to this constitutional requirement. Hence, I will also be considering the temporary movement of the current housing units that are informally placed and where there are no services to serviced sites while we upgrade and service sites incrementally. At my inauguration I stated that the Schulphoek project would be a project in my office as I want to make sure that I have a firm grip on the planning and subsequent monitoring and evaluation of progress. To do this, I must ensure that the project finds space within councils IDP and future budgets. Great was my surprise when we confirmed ourselves that no item served before council, and I am requesting the broader community of Overstrand not to jump to any conclusions and spread fake news and to rather ask for the facts. Henceforth these facts can be obtained from the ward councillor who will share it through the ward committee with the community.

It is correct that there is political instability brewing around the non-performance of both Overstrand Municipality and DoHS. Whether these perceptions are true or false, I cannot allow that it influence service delivery within these wards.

In conclusion. Mr Speaker I am requesting of you that the matter of the Schulphoek Housing Project be a standing item on every council agenda going forward.

Volmaakte seeperdjie-skelet opgetel -Die Damme-

"Op my daaglikse strandkoek-ekspedisie by Die Damme het ek hierdie perfek-bewaarde skelet van 'n klein seeperdjie gevind," vertel Adèle Bantjes van Die Damme. "Ek het voorheen al 'n puntjie van 'n stertjie en so aan opgetel, maar in my wildste drome het ek nie gedink ek sal ooit 'n perfekte, volledige seeperdjie optel wat uitgespoel het nie."

Die volmaakte skelet van 'n seeperdjie wat by Die Damme deur Adèle Bantjes opgetel is

Adèle het Gans-Berg Nuus meegedeel dat sy baie opgewonde was, byna emosioneel, omdat die diertjie so perfek gebly het, ondanks die feit dat dit uitgespoel het. "Ek het hom saggies en baie versigtig hanteer om hom in een stuk huis toe te kon dra," vertel sy. "Dit was 'n kosbare ontdekking vir my." Adèle woon in Die Damme en vertel dat sy gereeld op

interessant hede afkom wat by Die Damme uitspoel. Sy het belowe om voortaan met Gans-Berg Nuus kontak te behou.

Seeperdjies:

Die 25 spesies seeperdjies (subfamilie: *Hippocampinae*) kan as seenaalde beskou word waarvan die kop met 'n hoek van 90° na die bors geknak is en waarvan die stert tot 'n grypstert ontwikkel het. Hierdie diertjies swem gewoonlik met die romp in 'n vertikale houding, maar hulle kan ook op hul rûe swem as hulle vinniger wil beweeg.

Wanneer die diertjie rus, anker hy homself met sy grypstert aan 'n voorwerp, byna soos 'n slingeraap aan 'n tak. Seeperdjies maak slegs op kriptiese kleurpatrone staat vir beskerming en geensins op vaart nie. Wetenskaplikes skat dat 'n seeperdjie met 'n maksimum van 0,5cm per sekonde swem. Die algemene voorkoms van seeperdjies blyk onseker te wees. Sommige kenners meen die langneusseeperdjies (*Hippocampus guttulatus*) kom algemeen vanaf Wes-Afrika tot by Wes-Europa voor. Andere beweer weer dat die seeperdjies wat daar voorkom, almal kortneusseeperdjies (*Hippocampus hippocampus*) is en dat hulle hoofversamelpunt die Middellandse See is.

In soutwaterakwarie word meestal net van die groter, eksotiese spesies aangehou, soos die geel-seeperdjie (*Hippocampus kuda*) en die groot seeperd (*Hippocampus hudsonius*), wat meer as 20cm lank kan word. Laasgenoemde diertjie

het beroemdheid verwerf as die eerste seevis wat in 'n akwarium voortgeplant het. Die kleintjies groei baie vinnig en kan so goed van verwonding herstel dat 'n geamputeerde vin na selfs twee weke vervang is. Vir die interessantheid daarvan kan gemeld word dat die grootste sukses ten opsigte van die aantel van hierdie tipe diertjies in gevangenskap met die dwerg-seeperdjie (*Hippocampus zosterae*) behaal is. Hierdie diertjies is uiters goed aangepas vir lewe in die Golf van Mexico en bereik 'n maksimumlengte van 5cm. Belangstellendes kan gerus verder op die internet vir inligting rakende hierdie fasinierende diertjie gaan naslaan.

Nooit te oud om te leer... -Piet en Annetjie Visagie-

Die 'fotografie-verhaal' van Piet (82) en Annetjie (79) Visagie is 'n bevestiging van die spreekwoord: 'Nooit te oud om te leer nie'. In 2016, 'n skrale 5 jaar gelede, sluit die egpaar by Gansbaai Fotografieklub aan. Binne 4 jaar, kort voor Covid-19, verwerf hulle 20 sertifikate tussen die twee van hulle, asook 'n gesamentlike sertifikaat as egpaar.

egpaar, elk op sy/haar eie, daarin slaag om 20 sertifikate te verwerf:
Piet:
2016 - Most Creative Photographer; 2017 - Best Post Production Photograph; 2018 - Best Photograph for Stormy Seascapes Theme; 2018 - Best Theme Photographer; 2019 - Most Creative Member; 2019 - Most Golds (Open /

Tans is hulle die oudste lede in die klub, maar beslis nie die 'koudste' nie. Met die aankoms by hulle woning, verwelkom die netjiese tuintjie voor die huis jou nie net nie, dit vertel die besoeker ook iets van hulle karakters. Die huis se naam is 'Jurassic Park' - "want dit is twee fossiele wat hier woon!" vertel Annetjie met 'n breë glimlag. Sonder twyfel het hulle gewys waartoe 'fossiele' in staat kan wees!

Annetjie vertel dat hulle geweldig baie by die klub

geleer het en nog nooit spyt was oor hulle besluit om aan te sluit nie. "Jy moet onthou ons het altyd net 'kiekies' geneem vir herinneringe en skielik moes ons leer hoe om foto's te neem," skerts sy. Piet vertel dat hulle 'n portefeulje vir gradering by die klub moes indien. Vir sy portefeulje is Piet as 'n 2-ster gegradeer en Annetjie as 'n 1-ster. Dit het mettertyd al beter gegaan en tans is altwee 'n 4-ster. "Dan moet ek net byvoeg dat ons nie duur toerusting het nie, elkeen het net 'n ou, maar goeie kamera," vertel Piet.

In 2018 ontvang hulle 'n gesamentlike sertifikaat vir Most Enthusiastic Members, wat iets van hulle as 'n 'span' sê. In slegs 4 jaar kon die

Theme) 2nd place; 2019 - Best Theme Photograph Expressions & Emotions Intermediate; 2020 - Best Theme Photograph Macro / Close Up Intermediate.

Annetjie:
2016 - Most Improved Photographer; 2017 - Most Golds, Themes; 2017 - Best Open Photographer; 2018 - Most Golds, Themes; 2018 - Best Photograph for People at Work Theme; 2018 - Best Photograph for anything with Wheels Theme; 2019 - Most Golds (Open / Theme) 1st place; 2019 - Best Theme Photographer Intermediate; 2019 - Best Open Photographer Intermediate; 2019 - Best Theme Photograph Faceless Portrait; 2020 - Best Theme Photograph Silence / Serenity Intermediate; 2020 - Best Theme Photograph in and around the Kitchen Intermediate.

Piet en Annetjie Visagie:
Piet is op 28 Junie 1939 op die grens tussen 'Transvaal' en die Noord-Kaap gebore en het in Jan Kempdorp grootgeword. Hy het

opmetingswerk vir die Departement van Waterwese oor die hele Suid-Afrika en Namibië gedoen en in Junie 1999 afgetree.

Annetjie is op 1 Augustus 1942 in Lichtenburg, Noordwes Provinsie gebore en getoë. Sy verwerf haar BA-graad en begin daarna met haar

onderwysloopbaan. Later in Pongola, waar sy en Piet gewoon het, het sy 'n koerant, die Pongola Nuus vir 'n tyd lank op haar eie bedryf: "Ek was verantwoordelik vir berigte, advertensies, foto's, onderhoude en somer nog die administrasie ook," vertel sy. "My betrokkenheid by die koerant het aanvanklik begin met 'n rubriek, 'Hoe sê die Uil' - met die uiltjie wat alles sien, alles hoor en alles uitlap!" Met haar aftrede het sy 'n groot geraamde skildery van 'n uil as blyk van waardering ontvang. Die egpaar is op 31 Oktober 1964 in Pretoria getroud - 'n hele 57 jaar gelede. Twee seuns en 'n dogter is uit die huwelik gebore: Ian (56) is in die IT-bedryf, woon in Grotto Bay aan die Weskus en is getroud is met Amelia; Ettienne (54) is 'n Brig-Genl. in Pretoria en is getroud met Nicolette; Tanya (50) is getroud met George Furstenburg en altwee is sielkundiges in Nieu-Seeland. Elkeen van die egpare het 2 kinders - Piet en Annetjie Visagie is dus die trotse oupa en ouma van 4 kleindogters en 2 kleinseuns - en wat 'n pragtige voorbeeld van 'noot te oud om te leer' is hulle vir hulle kleinkinders.

Begrotingsrede 2022 -Agri Wes-Kaap se verwagtinge-

Vanjaar se staatsrede het sterk klem gelê op die uitdagings wat tans hewige druk op die landbousektor plaas, en Agri Wes-Kaap hoop dat Minister Enoch Godongwana tydens sy begrotingsrede ook die nodige aandag aan landboukwessies sal gee.

Agri Wes-Kaap verwag die volgende in minister Godongwana se toespraak:

1. Belastingkoerse:

1(a). Brandstofheffing:

Brandstof, wat een van die grootste insetkoste in primêre landbouproduksie is, asook 'n enorme koste-komponent in die breër landbou-waardeketting, het oor die afgelope jaar buitensporig duur geword. Agri Wes-Kaap hoop daarom dat die minister Woensdag gaan afkondig dat die algemene brandstofheffing en die padongeluksfonds heffing nie wêr verhoog sal word nie.

"Primêre landbou produsente kan nie 'n verhoging in die algemene brandstofheffing en padongeluksfondsheffing bekostig nie. Ons doen daarom 'n beroep op die minister dat die heffings

vanjaar nie verder verhoog word nie," sê Jannie Strydom, Uitvoerende Hoof van Agri Wes-Kaap.

1(b). Aksynsbelasting op alkohol:

Die wynbedryf is tans besig om te herstel van die impak wat die plaaslike drankverbod en reisbeperkings op die bedryf se inkomstestrome gehad het. "Agri Wes-Kaap hoop dat die minister rede sal insien om nie wêr aksynsbelasting, wat verlede jaar met 8% toegeneem het vir wyn, vonkelwyn en brandewyn, vanjaar verder te verhoog nie," sê mnr Strydom.

1(c). Maatskappybelasting:

Tydens verlede jaar se begrotingsrede het die voormalige minister van finansies, Tito Mbeweni, aangekondig dat maatskappybelasting in April vanjaar van 28% tot 27% gaan verlaag in 'n poging om meer private beleggings te lok. Die voorwaarde vir dié verlaging was dat maatskappye beperk gaan word op hoe geraamde verliese of besteding op rente benut kan word om hul belastingaanspreeklikheid te verminder. Agri Wes-Kaap is uiters bekommerd oor veral artikel 20 van hierdie wysiging wat behels dat aangeslane verliese van een jaar beperk sou word in die volgende belastingjaar. Volgens mnr Strydom is landbou siklies van aard, en ervaar gereeld tye waar onbeheerbare omstandighede lei tot verliese. "Indien hierdie wysigings geïmplementeer word, sal slegs 80% van die verliese teen toekomstige winste aangeslaan kan word. Dit sal die sektor se vermoë om te herstel na sikliese gebeurtenisse aansienlik verminder".

"Agri Wes-Kaap hoop daarom dat hierdie wysiging nie in die komende finansiële jaar

geïmplementeer word nie en beveel aan dat daar eers wyer gekonsulteer word om die omvang van hierdie wysigings te verstaan," sê mnr Strydom.

2. Risiko- en ramphulp:

Die Nasionale Rampbestuur Sentrum in Julie 2021 die droogte wat talle produsente van die Wes-Kaap, Noord-Kaap en Oos-Kaap geknou het as 'n nasionale ramp verklaar. Dit is egter steeds onduidelik wat die omvang en formaat van ondersteuning aan die droogtegeteisterde gebiede gaan wees. Agri Wes-Kaap hoop daarom dat Minister Godongwana goeie nuus in hierdie verband sal hê.

3. Infrastruktuur en veiligheid:

Tydens President Cyril Ramaphosa se staatsrede was daar menige sprake van ingrypings om infrastruktuur aangeleenthede in Suid-Afrika aan te spreek. Agri Wes-Kaap het onder andere die beoogde ingrypings in Eskom, Kaapstad se hawe, Transnet se spoorweë, asook die padnetwerk verwelkom, maar hoop nou dat verdere ondersteuning in die begrotingsrede aangekondig gaan word.

Agri Wes-Kaap sien verder ook uit na die finansiële ondersteuning wat daar aan die opleiding en aanstellings van 12 000 addisionele polisiegees gee gaan word, soos belofte in President Ramaphosa se staatsrede.

PUBLIC NOTICE CALLING FOR INSPECTION OF SUPPLEMENTARY VALUATION ROLL AND LODGING OF OBJECTIONS

Notice is hereby given in terms of Section 49(1)(a)(i) read together with section 78(2) of the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004), hereinafter referred to as the "Act", that the 1st supplementary valuation roll for the financial year 2021/2022, is open for public inspection at the Municipal Head Office and its satellite offices, or on the website: www.overstrand.gov.za from 24 February 2022 to 20 April 2022.

An invitation is hereby made in terms of section 49(1)(a)(ii) read together with section 78(2) of the Act that any owner of property or other person who so desires should lodge an objection with the Municipal Manager in respect of any matter reflected in, or omitted from, the supplementary valuation roll within the above-mentioned period.

Attention is specifically drawn to the fact that in terms of section 50(2) of the Act an objection must be in relation to a specific individual property and not against the supplementary valuation roll as such. The form for the lodging of an objection is obtainable from the Municipal offices at the following addresses:

Hangklip/Kleinmond:	33 Main Road, Kleinmond	028 271 8400
Hermanus:	1 Magnolia Street, Hermanus	028 313 8000
Stanford:	15 Queen Victoria Street, Stanford	028 341 8500
Gansbaai:	Main Road, Gansbaai	028 384 8300

or on the municipal website: www.overstrand.gov.za. The completed forms must be returned to the municipal offices or the Municipal Manager, PO Box 20, Hermanus, 7200 or via email to enquiries@overstrand.gov.za on or before 20 April 2022.

For enquiries please contact Johette Basson at telephone number 028 313 8000 or send an e-mail to enquiries@overstrand.gov.za.

(Kennisgewing 12/2022)

KENNISGEWING VAN UITNODIGING VIR INSPEKSIE VAN DIE AANVULLENDE WAARDASIELYS EN INDIEN VAN BESWARE.

Kennis geskied hiermee ingevolge die bepalings van Artikel 49(1)(a)(i) saam gelees met Artikel 78(2) van die Plaaslike Regering: Munisipale Eiendomsbelastingwet, 2004 (Wet No. 6 van 2004), hierna verwys as die "Wet", dat die 1ste aanvullende waardasielys vir die 2021/2022 finansiële jaar, beskikbaar is vir publieke inspeksie by die Munisipale Hoofkantoor en sy administrasiekantore asook op die amptelike webtuiste: www.overstrand.gov.za, vanaf 24 Februarie 2022 tot 20 April 2022.

'n Uitnodiging word hiermee gerig in terme van Artikel 49 (1)(a)(ii), saam gelees met Artikel 78(2) van die Wet dat die eienaar van eiendom, of enige ander persoon wat dit verlang, 'n beswaar kan indien by die Munisipale Bestuurder rakende enige aangeleentheid wat vervat word in, of weggelaat is uit die aanvullende waardasielys, binne die bogenoemde tydperk.

Aandag word daarop gevestig dat in terme van Artikel 50(2) van die Wet, 'n beswaar betrekking tot 'n spesifieke eiendom moet hê, en nie op die totale aanvullende waardasielys as sodanig nie. Die vorm vir die aantekening van 'n beswaar is beskikbaar by die volgende Munisipale kantore:

Hangklip/Kleinmond:	Hoofstraat 33, Kleinmond	028 271 8400
Hermanus:	Magnoliastraat 1, Hermanus	028 313 8000
Stanford:	Queen Victoriastraat 15, Stanford	028 341 8500
Gansbaai:	Hoofstraat, Gansbaai	028 384 8300

asook op die amptelike webtuiste: www.overstrand.gov.za. Voltooiende vorms moet op of voor 20 April 2022 terug besorg word aan die munisipale kantore of die Munisipale Bestuurder, Posbus 20, Hermanus, 7200 of per epos aan: enquiries@overstrand.gov.za

Rig u navrae asb aan Johette Basson by telefoonnommer 028 313 8000 of stuur 'n e-pos aan enquiries@overstrand.gov.za.

Nuwejaars Wetlands -On the border of Agulhas National Park-

"If you drove to Elim from Bredasdorp just 3 years ago, you wouldn't have been able to see the Nuwejaars River and Wetlands," says Ross Kettles. "The invasive alien trees were too dense and tall," Ross says today large tracts along the river have been opened. The alien trees have been removed and the Wetlands are returning to their natural state. Ross is part of the Nuwejaars Wetlands Special Management Area's (NWSMA) conservation and project team together with Eugène, Erica and Venessa.

The NWSMA is found in the Agulhas Plain, in the Overberg region. 25 Members are belonging to this innovative new conservation venture, including the culturally rich town of Elim. "Together we've taken private land, bordering on the Agulhas National Park and committed it to conservation, farming sustainably, fighting climate change and benefiting all who live here." Says Ross. "We've signed restrictions against our title deeds, to live and farm according to conservation principles." Management has created a Section 21 Company (the Nuwejaars River Nature Reserve), which ensures all income they generate is pushed back into their conservation work.

Creatures hiding in the Wetlands:
The ink-black, acidic waters of the NWSMA wetlands and rivers hide tiny creatures that would do whatever they could to never reveal their presence. These small species have survived more than a million years - since

fynbos first covered our mountains. Now they're facing an almost unavoidable extinction unless we act decisively. These are the fynbos fish species that live across the [Cape Fold Ecoregion](#). The Nuwejaars Wetlands Special Management Area is also home to a number of these small fish.

The real threats to fynbos fish have only surfaced in the past few decades. In particular, the introduction of invasive fish species - which not only feed on the fynbos fish but also compete with the fish for other food sources - have sent population numbers into freefall. The loss of habitat - such as wetlands, as well as changing climate, are adding to the pressure on these species. In our wetlands and rivers, three of these tiny fynbos fish species are known, but because our water is murky, the fish are well hidden and research is only at an early stage here. Examples of species: Heuningnes Redfin (*Pseudobarbus sp. nov. Heuningnes*); Cape Galaxias (*Galaxias zebratus*); The Cape Kurper (*Sandelia capensis*); Heuningnes Galaxias (*Galaxias sp. nov. heuningnes*)

It might be worth the while visiting the Nuwejaars Wetlands. Available will be overnight accommodation, eat and drink, wildlife guided tours, birding, bike and hike and to explore what you've never seen before. Visit their website www.nuwejaars.com for more information or send an email to book@nuwejaars.com.

Third-quarter crime tendencies (SAPS) -Gansbaai-

Crime levels for the third quarter which include the period 01 October 2021 to 31 December 2021 show a decrease in contact and property-related crimes in comparison with the same period 01 October 2020 to 31 December 2020.

Contact crimes which include murder, attempted murder, assaults, robberies, rape, and all other sexual offences decreased by 28.57 %. Property crimes which include housebreakings, theft out of and from a motor vehicle, theft of a motor vehicle and stock theft decreased by 18.81%.

Commercial crime (Fraud) is a concern as many of these incidents are being committed via the internet. Our residents are reminded to practice and follow the awareness safety tips and not become a victim of these criminal syndicates.

Gender-based violence will remain a priority and we as SAPS will continue working jointly with all other stakeholders in continuously creating awareness and accountability to address and prevent all kinds of violence against women and children.

On behalf of SAPS, I extend a word of appreciation to all other stakeholders such as the CPF, Law Enforcement, Traffic Service, Disaster Management, Neighbourhood watches, Ambulance Services, Security companies, Badisa, Social Development, Correctional Service and all NGOs for your assistance and unwavering support in creating safer communities. Together we can achieve so much more.

Lieutenant Colonel W Coetzee
082 778 7085

An exciting opportunity has arisen for a **Weaning Operator** at **I&J Aquaculture, Danger Point, Gansbaai**. As the successful incumbent, you will oversee the husbandry of abalone in the External Weaning department to ensure the highest standard of animal care and husbandry is achieved.

Environmental Education -Foundation for the Future-

"I would like to join your group because it is inspiring and educating us about how to look after the animals of the sea. I think joining your group will make me see the world differently."

"I want to learn from you and the group about nature and learn to work with other people. I want to teach little children in my street about what I have learnt from you about pollution."

"I would like to join the DEEP group to learn more about the marine animals, marine environment, learn about how these animals live. I want to learn how and what we can do to make sure that these animals live in a clean and safe environment."

These are just some of the comments from the 2022 intake of the Dyer Island Conservation Trust's Environmental Education Programme, known as DEEP. To select learners, presentations are normally done at Masakhane School (Gansbaai) for the Grade 5 learners. The learners are then required to write a motivational letter stating why they

should be selected to be in the programme. Of the 58 applicants this year, eleven learners were chosen and they have committed to the programme for three years until Grade 7. At this point, the Trust runs three different groups throughout each year. There are currently 70 learners participating in the programme including those learners that have since graduated and are in high

school - they become part of the DEEP Marine Club and remain engaged in various activities; including welcoming the new learners to share what the DEEP is all about and what they have

learnt in the past six years the programme has been going.

"Our first session of introduction was held at the African Penguin & Seabird Sanctuary, one of the key projects of the Dyer Island Conservation Trust. Xolani Lawo our Senior Bird Rehabilitator showed the learners how to care for injured birds. The learners enjoyed the experience as it was their first time seeing a penguin," said educator Pinkey Ngewu. "It is my absolute pleasure to start this journey with these learners and encourage personal awareness and responsibility towards the environment through the acquisition of skills which will relate directly to the natural, social, and marine environment in which we live; renewing the connection between children and nature."

Passievolle 'storievertellers' se 'asemrowende' besoek aan Gansbaai -Beyond Black Mountain-

Voor: Lizël Kimber en Glenda Kitley. Agter: Gordon Abrahams, Grant Kimber, Marlon Sauls en Charl Folscher.

“As deel van ons storievertellings oor ons streek se natuur, geskiedenis en kultuur, het ek en vier ander entoesiaste 'n draai in Gansbaai gemaak,” vertel Lizël Kimber, medestigter van *Beyond Black Mountain* (BBM) in 2019. Haar metgeselle was Charl Folscher, ook haar medestigter van BBM, Gordon Abrahams (Caledon: Toerisme-monitor), Grant Kimber en Marlon Sauls (Caledon Museum).

Die groep sê hulle het 'n asemrowende dag beleef. Hulle eerste besoek was aan Marine Dynamics wat hulle op 'n insiggewende haaibesigtigingsrit geneem het. “Ons het geweldig baie uit hulle navorsing en studies geleer,”

vertel Lizël “Ons het ook die geleentheid gekry om 'bronzewhalers' te kon sien.”

Terug op droë grond het die groepie die 7km Duiwelsgatstaproeite vanaf Gansbaai Hawe na Walkerbay Natuurreseervaat en terug aangepak. “Die roete was nie net mooi om te aanskou nie, maar ons het die kans gekry om die grotte en pragtige rotsformasies te kon aanskou,” vertel sy. “By die Klipgatgrot kon ons tyd afstaan om onself terug te voer na die tydperk van die San en hoe hulle daar op die Plaat kon leef het.”

Lizël sê hulle het met moeë, seer lywe die terugtog aangepak. Charl se gesing terwyl hulle gestap het, het hulle gemotiveer om so bietjie vinniger by die

motor uit te kom. “Dit was 'n asemrowende dag wat ek nie eintlik kan beskryf nie,” het sy gesê. “Daar was ook stil oomblikke waar ons net in vervoering kon sit en kyk om alles in te neem wat ons gesien en ervaar het.”

“Met die stigting van BBM, het ek en Charl gedink dit is 'n noodsaaklikheid nadat die Caledon Toerisme Assosiasie hul deure finaal moes sluit,” vertel Lizël. “Ons het die blootstelling van Caledon en die omliggende streek as 'n hoë prioriteit beskou.” Lizël sê hulle harte en passie is nie net in die bevordering van toerisme gesetel nie, maar ook in die bewaring van die natuur, geskiedenis en kultuur in die Overstrand en Overberg.

As gevolg van Covid was die oplossing vir hulle om digitaal te gaan, vanwaar die “vlog”-konsep baie goed vir storievertellings werk. Sy sê een van die eerste stories wat vertel was, was dié van die Caledon Museum, vanwaar daar vriendskapsbande en vennootskappe gebou is. Hierdie keer was Gansbaai aan die beurt.

“Ons wil ons grootste dank uitspreek teenoor Glenda Kitley, Bestuurder van Gansbaai Toerisme wat ons kortkort te hulp gesnel het,” het Lizël gesê. “Ook teenoor Cape Nature en Walkerbay Natuurreseervaat wat ons toestemming gegee het om fotos te neem en verfilming te kon doen, asook Jackie Tranmere vir die hulp met die permit. Laaste, maar nie die minste, dankie aan Marine Dynamics en hul span wat uit hul pad gegaan het om ons te help met die verfilming van die bootrit en so mooi na ons omgesien het.”

Geotrail in Gansbaai -Geology 'Rocks'-

A newly developed Geotrail based at the African Penguin and Seabird Sanctuary (APSS) in Gansbaai, is a learning adventure that takes the observer from the very beginning of our planet, right up to the present day. It is a wondrous 4.6-billion-year tale of fact, woven around the geology, the rocks of our home, the evolution of life, mass extinctions, and the wonders of the Earth.

You are taken from the fiery birth of our planet along the journey of creation utilizing a 46-meter rope, representing 4.6 billion years, with signposts along the length. These boards share with you the major events in the life of the Earth and explain in easy-to-understand text what took place to shape our current globe.

The Geotrail was conceived and developed by Mike Dormer of the Overberg Geoscientists Group, executed, and erected by the Dyer Island Conservation Trust with the support of Wilfred Chivell and Susan Visagie. "The display aims to expose and educate our community in Gansbaai, our tourists, and especially children, to the wonders of geology, as a hobby and perhaps even as a career," says Dormer. "This also creates an additional reason to spend more time in Gansbaai and environs and proves the Overstrand is not only about Whales and Wine" adds Chivell, founder of the Dyer Island Conservation Trust. "We want to educate people about our environment so that they will ultimately better protect it for future generations," he adds. "Geology is a fascination, a lifelong interest, and answers questions like where to plant our food, where to mine for gold and critical 'green

minerals', where to find diamonds, rubies and emeralds. Where would we be without the ever-broadening understanding of the vast resources beneath us? What if we didn't understand the structures and faults of the earth around us? I hope this Geotrail will encourage more curious minds," says Dormer. The intellectual property has been researched from and given freely by renowned authors such as Geologists Bruce Rubidge and Terence McCarthy, among others. The artwork has been carefully researched and faithfully reproduced in the infographics, with Gilbert the Shark Geologist guiding you along the journey. More information on the geology and evolution of the fascinating Overberg region will soon be available on the under-construction Overberg Geoscientists Group (OGG) Website. Alongside the Geotrail, there is an evolving Rock-garden that focuses on the 600 million years of local geological

history. Here visitors will find signposted samples of rocks commonly encountered around Gansbaai and environs. As time progresses and samples are added, the Rock-Garden will expand. "This Rock-Garden will provide answers to some of those nagging questions you may have about 'What type of rock is that what is the rock called, where is it from and so forth. We are surrounded by a jewel box of rocks, every moment of our lives. There is provision for an extended garden to accommodate rocks from further afield, so if someone has a piece of gold-bearing Witwatersrand conglomerate in the back garden, I would be happy to classify it, signpost it and install it in the

garden!" says Dormer. With over 100 active and retired geoscientists in the greater Overberg area, more Geoheritage and Geo-Tourism developments are planned, by the OGG, for the region. These will include similar Geo-Trails, some guided, on Clarence Drive, the Hermanus Cliff Path, the Hemel and Aarde Valley, and at Klipgat Cave at De Kelders. *The display is open, free of charge, to all visitors, at the African Penguin and Seabird Sanctuary in Gansbaai and is well worth the visit. Afterwards, enjoy cake and coffee at the APSS. Penguin feeding time can be observed at 15:00. APSS is open daily from 09:00 to 16:00.*
Brenda Walters
DICT Public Relations

Dyer Island Conservation Trust

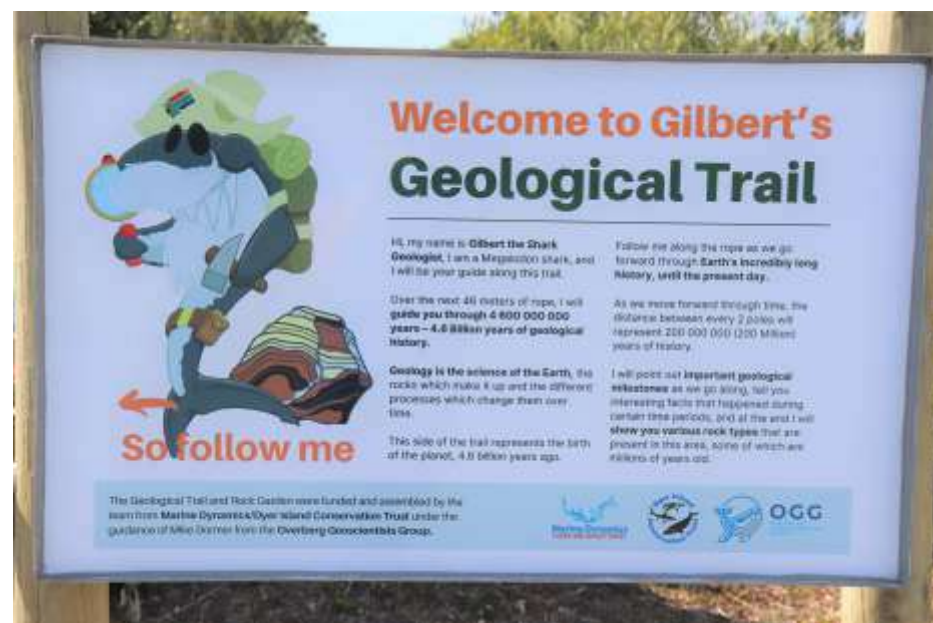

The Dyer Island Conservation Trust (DICT) was founded in 2006 by Wilfred Chivell. The DICT delivers unique conservation and research programmes in the fragile and critically important marine ecosystem at the southernmost tip of Africa. Here they strive to protect the largest surviving colonies of the endangered African Penguin whose numbers are at an all-time low; the

globally important breeding and calving grounds of the Southern Right Whale; and the world's densest populations of the vulnerable Great White Shark.

This registered non-profit organisation aims to: **Discover** and understand this globally important marine ecosystem through world-class scientific research; **Protect** the long-term future of the species which live here, by translating this knowledge into evidence-based conservation initiatives and legislation; **Educate** our partners - local communities, legislators and visitors - by informing and actively involving them in achieving our goals for the benefit of all.

The DICT-team

Birkenhead Boothengelklub:

Koue seewater kniehalter goeie vangstes

Die Birkenhead Boothengelklub se maandelikse boothengelkompetisie van Saterdag, 19 Februarie 2022 het hoofsaaklik 'hotties' (hangbergers) opgelewer. Die hengelaars was dit eens dat die water baie koud was - sowat 11°-12°. Hulle vertel

Carl Dyer met sy 1.75kg rooi roman wat hy vanaf sy boot, Nauti Boy gevang het.

dit is gewoonlik net 'hotties' wat in sulke koue water in die aas belangstel.

Daar was so 2 of 3 hengelaars wat gelukkig genoeg was om enkele silwervisse, rooi romans en 'n rooi stompneus boot-in te trek, wat ook die individuele wenners was. "Baie geluk aan die wenners en naaswenners," het voorsitter Robbie Nelson laat weet. "Ek sien Oupa van Ben Uys is nog gemaklik voor as Bootkampioen, maar Leon Lombard het hom as Visvangkampioen verbygeskuif."

Kompetisie-uitslae

7 bote het ingeskryf, waarvan 5 ingeweeg het. Die totale bemanningslede was 15, met geen dames of juniors wat deelgeneem het nie. Die aantal visse (4 spesies) wat ingeweeg is, was 92, met 'n totale massa van 57.75kg. Die gemiddelde massa per hengelaar was 3.85kg.

Volledige uitslae

Die volledige uitslae is soos volg:
Swaarste vis, Leon Lombard (rooi stompneus, 1.85kg); 2de Swaarste vis, Carl Dyer (rooi roman, 1.75kg); Swaarste sak, Herman Botha (6.95kg); 2de Swaarste sak, Terry Terblanche (6.4kg); Swaarste bootgemiddeld, Nauti Boy van Carl Dyer (5.43kg); 2de Swaarste bootgemiddeld, Eina van Johannes Hanekom (3.875kg).

Voorlopers

1ste 3 Bootkampioene:

Oupa van Ben Uys (24.317kg); @Work van Rick Kuises (14.10kg); Nu Nu van Johan Burmeister (12.667kg).

1ste 3 Visvangkampioene Mans:

Leon Lombard met sy 1.85kg rooistomp wat hy op Ben Uys se boot, Oupa gevang het.

Leon Lombard (22.3kg); Ben Uys (20.65kg); Herman Botha (16.3kg).
Swaarste bootgemiddeld, Nauti Boy van Carl Dyer (5.43kg); 2de Swaarste bootgemiddeld Eina van Johannes Hanekom (3.875kg).
1ste 3 Visvangkampioene Dames:

Colleen Kemm (15.1kg); Anita Vermeulen (6.65kg); Marilda Louw (5.05kg).

Hardus Botha

Voorsitter Robbie Nelson en Jean Downing met sy 'hotties' wat ingeweeg word.

Finally found out why the fish were'n't biting..

Sosiale Media het uiteindelik vasgestel waarom die visse nie meer byt nie!

The multi-purpose sport facility in Hawston will be familiar territory for the Overstrand Cricket Club 1st team when they face Riviersonderend this Saturday, 26 February 2022, at the Hawston Oval.
Overstrand Municipality received compliments from the team for preparing and maintaining the cricket pitch and oval after their game against Swellendam last weekend. We encourage supporters to head back to support their local clubs and the competing teams.

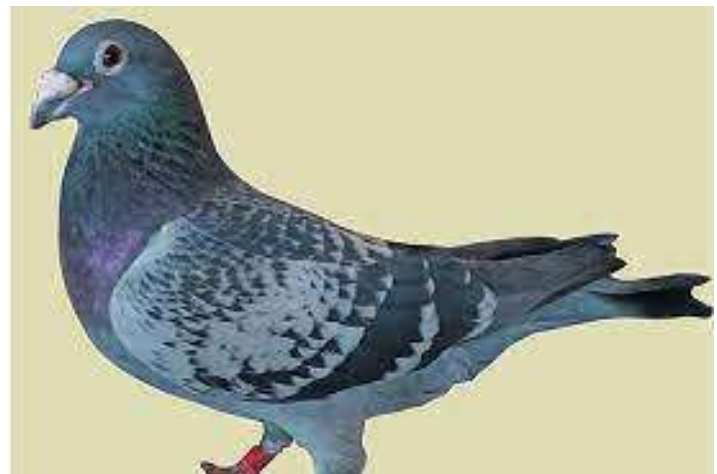

Pictured here are the Overstrand Cricket Club 1st team Luke Pelser (back left), Lyle Tait, Liam Pelser, Elton Jacobs, Bryan Hunter, Mervin Samuels (from Overstrand Municipality's operational department), Devan Hamilton, Wayne Swartz (Chairman), Stephen Jackson, Brett Mitchell (Captain), Lee Roy Henn, Paulus van Schalkwyk, Dante du Preez, Gino de Boer.

Gansbaai Posduifklub: Rubriek net tydelik op halt

Die weeklikse en interessante Posduifrubriek oor Gansbaai Posduifklub is net tydelik op halt geroep. Belangstellende lesers wat die rubriek gereeld lees, kan uitsien na 'n volgende volledige, weeklikse reeks sodra die wedvlugte weer begin.

Bev Swart hou sy lyf 'Papgooier'

Bev Swart, kranige boothengelaar, bestuurslid en ondervoorsitter van die Birkenhead Boothengelklub, het sy lyf gedurende sy en Francis se wegbreek-vakansie pure 'Papgooier' gehou - en op die oog af somer goed onder die varswatervisse gevaar. Hy het 'n foto op die klub se kompetisiedag aan die hengelaarsgroep gestuur en iemand het terug laat weet: "Ou Bev, as jy hier was om jou karp vir die kompetisie in te weeg, het jy gewen!"

Bev Swart met sy 4.7kg karp.

Die damwal van Misverstand Dam.

"Tot nou toe het ek vier mooi karpe gevang," het Bev per WhatsApp vir Gans-Berg Nuus laat weet. "Hierdie een was die grootste en het 4.7kg geweeg." Bev en Francis geniet 'n rustige 'wegbreek-vakansie' aan die oevers van die Misverstand Dam, tussen Moreesburg en Piketberg aan die Weskus. "Dis verskriklik warm hier, sowat 38 grade, maar ons kuier baie lekker," het Bev laat weet.

Die Misverstand Dam:

Vir die enkeles wat dalk nie weet nie, die naam 'misverstand' raak duidelik indien mens na die damwal kyk - dit moes minstens 10 meter hoër gewees het, vandaar die naam, Misverstand Dam.

Die twee boere wat die bou van die damwal gefinansier het, het 'n argument gehad en die damwal is nooit voltooi nie. Ook maar goed, want indien dit voltooi is, sou die water in die dam sowat 10 meter dieper gewees het. Dit sou tot gevolg gehad het dat die pragtige rotsvlakke hoër op, langs die rivier vernietig is. Die dam, 'n paradys vir bootvaarders, lê in die vallei tussen heuwels van groen koringlande en is met verruklike natuurskoon omring. In die verte kan mens die pieke van die Sederberge-bergreeks sien.

Hardus Botha

Ja-nee Bev, met sulke rustigheid kan 'n vakansie net lekker wees!
