Tragiese sinking van Silver Snapper (DDF 116) -Een van Gansbaai se bekende Pelagiese Vissersbote- Berig op Bladsy 2

Silver Snapper in die hawe.

Dankbare hereniging van gesinne.

Easter Guide Page 8 & 9

“Daar gaan my alles, nou het ek niks oor nie,” het een van die bemanningslede van die Pelagiese Vissersboot, Silver Snapper van Boetie (Oubol) Wessels, gesê. “Dit was my laaste woorde terwyl ek in die lewensreddingsboot gesit en kyk het hoe die boot sink. My werk, my toerusting, my kos, my alles het ek sien verdwyn onder die water.” Hy het aan Gans-Berg Nuus gesê hy is al van 1994 'n bemanningslid en die boot het deur al hierdie jare gesorg vir kos op die tafel en 'n toekoms vir sy kinders. “Ons dankbaarheid dat daar geen ernstige beserings of lewensverliese was nie, is baie groter as dit alles,” het hy bygevoeg.

Die kragtige boot het stadig maar seker na die seabodem gesak, met koue seewater wat die plek daarvan op die oppervlak ingeneem het. Die Skipper van Silver Snapper, Piet Viljoen en sy bemanningslede, was oudergewoonte uit op see

saam met die res van Gansbaai Pelagiese Vissersbote om hul brood en botter te verdien, toe seewater na bewering van agter die enjinkamer begin instroom het. Volgens bemanningslede het hulle so vinnig moontlik begin water skep om uit te gooi, maar die instroming van water was oorweldigend en hulle het besef die boot gaan sink. Die Viking Lewensreddingsboot is inderhaas in gereedheid gebring en die elf bemanningslede kon betyds van die vinnig-sinkende Silver Snapper af wegkom. Hulle is deur die Pelagiese Vissersboot, Vleigans opgelaa en na veiligheid geneem.

Met hul aankoms in die hawe was dit hartverskeurend om na die moedlose en byna verdwaasde vissermanne te kyk soos wat hulle aanwal gestap het. Die atmosfeer was so intens dat mens eintlik nie kans gesien het om 'n kamera op hulle te rig nie.

Die oorsaak van die tragedie was met die ter perse gaan van hierdie uitgawe, nog onbekend. Op navraag is Gans-Berg Nuus meegedeel dat 'n volledige verklaring nie uitgereik kan word nie. Dit blyk dat die versekeraars die volgende dag, Woensdag, 13 April 2022 ondersoek sou kom instel. Die bestuur en bemanningslede kon dus nie vooraf enige verdere inligting verskaf nie, wat verstaanbaar is.

“Vir my persoonlik was dit 'n diep en hartseer gevoel toe ek by die hawe na die bemanningslede kyk wat aanwal gekom het,” vertel Michelle van Zyl, eienaar van Gans-Berg Nuus. “Ek was reeds vanaf 2010 deel van die bemanningslede van Silver Snapper, wat altyd soos 'n familie bymekaarstaan. Ek het destyds

self 'n familielid op die boot gehad en vandag steeds 'n seun wat gereeld op see uit is.” Sy sê dit is waarom sy hulle leed en verlies innerlik self kon ervaar.

Na die sinking van Silver Snapper (DDF 116), is daar nou 7 Pelagiese Vissersbote oor: Berggans (278), Kolgans (DDF 109), Rietgans II (402), Stormgans (DDF 392), Vleigans (DDF 368), Wafra (DDF 377) en Wildegans II (DDF 362). Volgens ingeligte bronne was daar twee vorige tragiese sinkings van Pelagiese Vissersbote: Seegans (datum was nie beskikbaar) en Runtu in 2007, wat met Wildegans vervang is. Al twee destydse sinkings was ook sonder enige lewensverliese.

Gans-Berg Nuus se redaksie het hul opregte dankbaarheid uitgespreek oor die feit dat daar geen lewensverliese was nie. Baie sterkte word ook aan alle betrokkenes toegewens vir die onbekende pad wat nou op hulle wag.

Die Uil, die Polisieman en die Padpredikant

Vrydagaand, nadat die hoenders al gaan slaap het, maar voordat Franskraal 'n uiltjie kon knip, was daar 'n hemelse intervensie op die R43. Ds Hanri Joubert se noodligte het my orent laat sit. Voor sy geparkeerde voertuig was 'n "Grey Spotted Owl". Met groot oë kyk dominee my aan toe ek remme aanslaan. Ek dink dominee het in sy geestesoo gesien hoe ry die polisiebakkie sy voetganger aan't flarde, maar ek sluip toe versigtig nader om te sien hoe ek die padpredikant kan help.

Met verwondering spreek ek my liefde vir roofvoëls uit, terwyl dominee net dink: "Nou wat nou?" Want van vlieg of stap wil uil-se-kind niks weet nie. Dominee gee so twee stadige, groot treë nader, dan drie vinnige kat-spronge terug. "Wat gaan ons doen, Woens? Die uil kan ons seermaak, daai kloue, daai bek...!"

Ek sê vir dominee ons moet hom help, hy gaan doodgery word. Dominee deel my gevoel, maar nie my opwinding nie. Hy gee weer twee stadige skuifstappies nader, gevolg deur die David Campese goose-step terug na my toe. In my gedagtes dink ek aan al die verkeerde besluite wat ek al geneem het om my in die hospitaal te laat beland. Ek besluit toe dat ek 'n lekker storie sal hê om eendag vir my kleinkinders te vertel. Ek vra toe vir dominee vir 'n kombers of 'n handdoek en soos "n goeie pa", delf hy in sy

reserwe babakombers in en gee vir my een aan. Vir die tweede keer sien ek dominee se oë rek groter as die uil s'n toe hy vra: "Wat gaan jy nou doen?" Ek sê toe dominee, ek weet nie of ek dom of dapper is nie, maar die uil dooi nie vanaand hier nie. Ek gooi toe die kombers saggies oor hom en kyk eers wat gebeur. Uit die hoek van my oog lyk dit of dominee sy tekkies begin vasmaak, maar ek mag verkeerd wees.

"Hoe gaan jy hom dra?" vra dominee. Ek sê toe ons kyk maar, dis die eerste uil wat ek optel. By my kar se deur gekom, sit ek die nou knus toegefoede uil onder my arm en maak die agterdeur oop. Vir die derde keer sien ek net die wit van dominee se oë en besef toe, uil kan my nou seker byt dat De Kelders my sal hoor skree, maar uil is toe tevrede met sy uber na Franskraal. Saam het ons al wat 'n lewenslyn is probeer bel, maar geen uil-dokters is beskikbaar nie. Tevrede dat die ergste gevaar afgeweer is, besorg ek vir uil by sy tydelike woning. Soos ek hom opgetel het en neergesit het, so het hy wakker geword die

Saterdagoggend. Met oë so groot soos my dominee s'n het hy vir my oog-geknip, asof hy dankie sê vir die nag se verblyf. Na 'n oggend-spanpoging met dominee, is uil toe in 'n geskikte houer gelaai en na Napier se Uilkliniek geneem. Teen Saterdagmiddag was ons in kennis gestel dat hy behandeling ontvang en ten volle sal herstel van sy seerplek op sy vlerk.

Ek is ewig dankbaar vir dié wat betrokke was in die reddingspoging. Geen growwe taalgebruik was ge-uiter tydens die reddingspoging nie en geen diere is verder beseer nie. Ek hoop net ek kan weer vir dominee in die kerk in die oë kyk, sonder om aan die David Campese goose-step te dink!

Museum se deure sluit na 22 jaar

Die bekende Strandveld Museum in Franskraal se deure sluit na 22 jaar - 'n hartseer, maar onafwendbare besluit.

"Hiermee het ons, die Trustees, besluit om die Strandveld Museum Trust te ontbind en te beëindig volgens klousule 14 van die Trust ooreenkoms," lui SD Fourie se amptelike verklaring.

Die volgende redes vir hierdie drastiese besluit is aangevoer:

*Die Strandveld Museum te Franskraal, is nie meer lewensvatbaar nie, aangesien dit nie meer die finansiële verpligtinge kan nakom nie.

*Die EPWP student wat die afgelope vier jaar die museum beman het, is nie meer beskikbaar nie en daar is geen finansies om 'n ander persoon aan te stel nie.

*Sophia D. Fourie, een van die Trustees, sien nie meer kans vir die verantwoordelikheid van die museum nie. Sy is die enigste Trusteelid wat tot op datum volle verantwoordelikheid vir die museum aanvaar het, aangesien sy in Franskraal woon. SD is ook tans besig met 'n ander projek wat haar aandag voltyds verg.

Die Raad het onderneem om ná die ontbinding van die Trustees, 'n berig in die plaaslike media te plaas sodat alle bruikleen-items afgehaal kan word. Die res sal na nabygeleë museums verskuif word.

Een van baie Skemerstappies ten bate van HaS wat by Strandveld Museum op 'n gesellige noot geëindig het. (Argiefoto: Gans-Berg Nuus)

"Daar is 'n behoorlike inventaris gedurende die afgelope jare opgestel en ons sou graag die eiendom weer aan die regmatige eienaars wil terugbesorg," het SD gesê. "Die sperdatum vir die afhaal van items wat op bruikleen was, is 15 Mei 2022." Sy sê die restant sal daarna en voor 31 Mei 2022 verkoop word.

Strandveld Museum

Die Strandveld Museum se amptelike opening was in Desember 2000 en dit is luisterryk op die gras voor die museum gevier, maar die deure is reeds vroeër in Mei van dieselfde jaar geopen. "Nou, na 22 jaar, is ons genoodsaak om dit te sluit," het SD gesê. "Ons wil graag hiermee

erkenning gee aan die Ou Hawe-museum van Hermanus wat ons tydens Jan se siekte en ook die drie jaar daarna gehelp het om die deure oop te hou. 'n Gedeelte van die museum se inhoud word ook na hulle oorgeplaas." SD sê die Hermanusspan beoog om op hierdie wyse erkenning te gee aan Jan Fourie, stigter en kurator, vir sy passie en toewyding vir die erfogoed van Gansbaai tydens sy leeftyd.

"Namens die Trustees wil ek graag my dank uitspreek teenoor almal wat die museum die afgelope jare ondersteun het," sê SD.

Baie berigte oor jare heen is al oor die Strandveld Museum geskryf, wat gereeld ook 'n gesellige bymekaarkomplek was. Die Gans-Berg Nuus is bewus van Jan se onbaatsugtige werk oor jare heen, asook die volle verantwoordelikheid vir die bedryf van die museum wat SD sedert Jan se afsterwe op haar skouers geneem het. Daarom ook 'n groot 'dankie' aan SD Fourie wat alles probeer het om die sluiting van die museum se deure te voorkom.

Kontakbesonderhede:

Om reëlins te tref vir die afhaal van bruikleen items aan Strandveld Museum, kan SD Fourie by 082 255 8509 geskakel word, of stuur 'n e-pos aan haar by sophiafourie@gmail.com.

Gansbaai se geliefde Jamboree-span -Tania Harrison & Natasha Herholdt-

Kan daar iemand wees wat nog nie van Gansbaai se twee gedugte en talentvolle sangers gehoor het nie? Hulle is die 'feestelike' sangpaar, Tania Harrison en Natasha Herholdt van Jamboree. Hierdie twee tree al as volwassenes sedert 2002 saam op - 'n hele 20 jaar as Gansbaai se bekende en geliefde sangpaar.

Kosbare herinneringe: Natasha Herholdt en Tania Harrison saam met Tania se pa, wyle Allan Greeff.

Eers was dit naweke in toeka se Gansegat en daarna by wyle Frik Prinsloo se bekende Rooibier in Pearly Beach. Naweke het hulle vir sowat 3 jaar by die destydse Lighthouse Tavern opgetree, daarna sowat 10 jaar by Duineveld Pub en daarna by Afrikanos Bar & Grill vir 2 jaar. Dan was daar nog die suksesvolle Gansbaai Idols, waar Tania die een jaar gewen het en Natasha die volgende jaar. Dit is ook 'n feit dat hierdie sangpaar kloppende warm harte het waar dit by liefdadigheidsoptrades kom, waarvan nie misbruik gemaak moet word nie - hulle moet ook kos op die tafel kry! Dan was daar oor jare heen baie dorpsfeeste wat net nie sonder hulle aangebied kon word nie - Fees van die Ganse, Fynbosfees en die jaarlikse aanskakeling van

Gansbaai se Kersliggies – vir hulle twee byna 'n *'never-ending-story'*.

In 2004, sowat 18 jaar gelede, het hulle besluit hulle kan nie aangaan sonder 'n naam van hulle eie nie. Op daardie stadium het Tania se pa, wyle Allan Greeff, self bekend vir sy sang, saam met hulle opgetree. "Ons het gesoek na en gedink oor 'n gepaste naam," vertel Tania. "Ek het die naam Jamboree in my kop gehad en toe in die woordeboek geloer." Die betekenis daarvan was duidelik nêr vir hulle bedoel: *'feestelike samekomste met musiek'*. Die koël was deur die kerk - saam met Allan het hulle besluit dit is mos wat hulle doen en, siedaar, die ontstaan van Jamboree! Onder hierdie naam het hulle toe, saam met Allan, in 2004 begin optree. Allan is in 2014 oorlede, maar die twee het aangegaan met Jamboree en van krag tot krag gegroei.

Wat is julle gunsteling liedere, is gevra. "Beslis die Golden Oldy's van die sestigerjare en natuurlik is ons baie lief vir Country-musiek," het hulle bykans gelyktydig geantwoord. "Maar ons sing ook moderne liedjies en enige ander genre's."

Wat van hoogtepunte? "Eintlik is al ons optredes vir ons hoogtepunte, veral die satisfaksie om te sien mense geniet ons sang," het Tania gesê. Daar is wel hoogtepunte wat baie vir hulle beteken het en dit was optredes saam met verskillende sanglegendes. Hier kan onder andere na sanglegendes soos Clive Bruce, Matt Hurter, Tommy Olivier, Dennit Eath en Jody Wayne verwys word, net om 'n paar te noem - dit is nie elke Jap Rap en sy Maat wat genooi word om saam met sulke kaliber sangers op te tree nie!

'n Laaste interessantheid is dat die twee vriendinne mekaar sedert laerskooljare al ken.

Meer nog, hulle het toe al saamgesing soos in skoolkonsertere en ook aan Eisteddford-kompetisies deelgeneem.

Tania is op 2 Augustus 1965 in Walvisbaai, Namibië gebore waar sy grootgeword het. Sy is sedert einde 1978 permanent in Gansbaai.

Tania Harrison en Natasha Herholdt van Jamboree.

Natasha is in Caledon op 12 September 1975 gebore, waar sy grootgeword het. Natasha bedryf haar eie besigheid in Gansbaai, *Blinds & Flooring Specialists*, terwyl Tania op gastehuis-verhuringe en skoonmaak- en wasserydienste fokus.

'Lank lewe Jamboree en sy sangpaar, wat in die volksmond van Gansbaai beslis 'sanglegendes' is!

Om kontak te maak met Jamboree se gedugte twee sangers, stuur 'n epos aan Tania Harrison by taniag45@gmail.com.

Duiwelsgat Hiking Trail for visitors

"Gansbaai is a picturesque town with a wide coastline. In essence fishing town surrounded by lovely fynbos and frolicking whales (June-December), and internationally known for shark cage diving," pamphlet at Gansbaai Tourism Office.

The Duiwelsgat Hiking Trail is one of the 'musts' to walk, not only for our locals but especially for our visitors. It is an easy route, starting at Gansbaai Caravan park with a distance of ± 7 km and a duration of ± 3 hours.

The route:

**Gansbaai Camping Site:

The starting point of the hiking trail. The original town was situated here and was also known as 'Klein Kaap'.

**Tidal Pool:

Gansbaai's first tidal pool. It is also the site of a freshwater fountain.

**"Pompies":

Freshwater fountain and reservoir which supplies some of Gansbaai's drinking water.

**Stanford's Cove:

Capt Robert Stanford used this harbour to send his fresh produce to the Cape. It is a safe bathing and popular picnic spot with magnificent milkwood trees. There is a freshwater fountain at Flentergat.

**Skulpiesbaai:

(Beach of shells). Collect perfectly formed tiny shells from the beach. It is also used as a bathing place.

**De Kelders:

The only freshwater cave along the African coast. The mineral-rich pool is said to have healing qualities and was visited by Lady Ann

Barnard in 1798. Tours can be booked separately.

**Die Hel:

A very deep hole in the rocks.

**Die Stal:

Legend has it that horses from the stranded HMS Birkenhead swam ashore at this spot.

**Duiwelsgat:

Originally named "Duiwelsgat" (pigeonhole), because of the rock pigeons that build their nests in the hole. A wall was built around the hole to prevent cattle from falling in.

**Klipgat:

These caves formed shelters for the early Strandlopers (beachcombers). On-going archaeological research is performed here. The end of the hiking trail.

Further on:

Klipgat se Plaat (The Plaat) is an excellent spot for steenbras fishing.

Skeurbank and Galjoenbank are wellknown for galjoen catches. Dolphins, penquins, whale (June-December), seals, dassies and otters can sometimes be seen along the trail.

Enjoy the hiking trail!

Be on the lookout for turtle hatchlings - Two Oceans Aquarium Education Foundation

The Two Oceans Aquarium Education Foundation calls on all Capetonians to assist with the rescue of sea turtle hatchlings that are washing up on Western Cape beaches. This is an annual occurrence as loggerhead sea turtles hatch on the beaches of northern KwaZulu-Natal and are then carried south by the Agulhas current. Due to injury, dehydration and hypothermia, some of these hatchlings unfortunately wash up on the beaches around the Western Cape.

A large number of hatchlings have already been brought to the Aquarium this year from as far as Plettenberg bay and as close as Muizenberg. The Aquarium Foundation calls on all beachgoers to be vigilant, and to keep their eyes open for these tiny turtles. Nearly all of the sea turtles brought to the Aquarium for rehabilitation are rescued by caring members of the public. Without the support of the public and those making use of the local beaches, hundreds of sea turtles would have died over the years.

Nuwe SASRIA-tariewe 'n wen vir georganiseerde landbou

Agri Wes-Kaap het vroeër vanjaar verneem dat die SASRIA-tariewe op die Swaarvoertuigklas (M8) op 1 Februarie 2022 met meer as 17.00% verhoog is. In samewerking met Agri SA het AWK 'n verhoë aan SASRIA gerig met redes waarom landbouvoertuie nie aan dieselfde risiko's as kommersiële vragvoertuie blootgestel word nie, en waarom 'n nuwe klas vir landbouvoertuie geskep moet word.

SASRIA het met georganiseerde landbou se aanbeveling saamgestem, en het onlangs bevestig dat 'n nuwe klas vir

landbouvoertuie met die naam Agri 1 (A1) geskep is, wat op 1 Augustus 2022 in werking sal tree. Die nuwe tariewe sal terugdateer word tot 1 Februarie 2022 indien SASRIA se goedkeuringsproses gevolg word. Dié proses word duidelik in SASRIA se regulasies verduidelik.

Jannie Strydom, Hoof Uitvoerende Beampte van Agri Wes-Kaap, meen dié ingryping bevestig weer eens die belangrikheid van georganiseerde landbou. "Ons is dankbaar dat SASRIA so spoedig opgetree het, en georganiseerde landbou se aanbeveling aanvaar het."

What to do when you find a sea turtle on a Western Cape beach:

1. Do NOT put the sea turtle back in the water
2. Find your nearest Turtle Rescue Network Point (<https://aquariumfoundation.org.za/sea-turtle-rescue-rehabilitation-and-release/become-a-turtle-rescuer/>), and

call the sea turtle rescue hotline on 083 300 1663

3. Place the sea turtle in a dry container with air holes and a dry towel
4. Keep the sea turtle at room temperature, out of direct sunlight and wind
5. Get to the Turtle Rescue Network Point as quickly as possible and follow the instructions as provided by the hotline

Even when not making use of the beaches, we can all be sea turtle rescuers by making better environmental choices. Choosing to use less plastic in your everyday life can make a big difference to sea turtles as the majority of those brought in to be rehabilitated by the Aquarium Foundation are found to have ingested plastic. And for many, this is a death sentence.

You can also donate towards the rehabilitation of a sea turtle by visiting the Aquarium Foundation's website <https://aquariumfoundation.org.za/support-our-causes/>. R5000 covers the cost of rehabilitating one hatchling sea turtle, but any amount is welcomed as it will contribute to the amazing rescue, rehabilitation and release work that the Foundation does.

Jack White se afsterwe laat leemte in gemeenskap

Jack en Trudie White.

Jack White, bekend vir sy trompetgeskal, 'n knap pistoolskut, orkeslid, fotograaf en natuurliefhebber, is op 17 Maart 2022 in die ouderdom van 86 oorlede. "Behalwe vir enkele normale gesondheidsprobleme, asook twee rugoperasies, het dit eintlik goed met Jack gegaan, daarom was sy dood vir ons 'n groot skok," vertel sy eggenote, Trudie van De Kelders. "Hy het siek geword en is in die hospitaal opgeneem, waar 'n aneurisme in sy aorta gebars het en voordat ons by hom kon uitkom, is hy oorlede."

Jack White met sy bekende trompet.

Jack het besondere musiektalente gehad en speel al vanaf 21-jarige ouderdom trompet. Van 'n jong ouderdom af was hy 'n lid van verskillende bekende instrumentale-orkeste deur die jare. Hy het ook gereeld agter die tromme ingeskuif, maar sy gunsteling musiekinstrument was sy trompet. Jack het die voorreg geniet om ook deel van 'n orkes te wees wat op Robben Eiland

opgetree het. Hy het tydens baie dans-byeenkomste, funksies, troues en selfs begrafnisse opgetree. Van die ouer Gansbaaiers sal onthou dat Jack ook aan die destydse Dorpskombuis-konserte deelgeneem het.

Hier ter plaatse was hy met sy trompet vir baie jare, nog in die vorige kooraftrigter, Petro Bell, se tyd, 'n lid van die NG-gemeente se kerkkoor. Plaaslik was

daar ook gereelde optredes by Herberg aan See Tuis vir Bejaardes en die AGS-gemeente. Jaarliks het Jack se trompetgeskal luisterrykheid aan die Gedenkdiens van die HMS Birkenhead verleen met die speel van *The Last Post* en *Reveille*.

Naas Jack se musiektalent, was hy ook 'n knap pistoolskut. Hy het kort na die stigting van Gansbaai Skietklub aangesluit en was vir meer as 23 jaar 'n getroue lid. Hy het sy eie ammunisie (patrone) tuis vervaardig. Hy was ook 'n knap fotograaf en 'n groot natuurliefhebber, met foto-albums vol foto's van natuurtonele, wilde diere en selfs insekte.

Jack is op 28 Februarie 1936 gebore en het in Somerset-Wes grootgeword. Hy kwalifiseer homself as Tegnikus by die destydse Pos- en Telekomunikasiewese (Telkom). Na 'n paar jaar besluit hy om op handelskepe te gaan werk. "Dit was 'n tyd in sy lewe waar hy talle Europese lande besoek het," vertel Trudie. Na hierdie omswerwing is hy na Pretoria verplaas, waar hy en Trudie mekaar ontmoet het. Op

6 Februarie 1965 tree hulle in die huwelik. Trudie is op 22 Januarie 1942 op die plaas Boesmansrivier naby Baardskeedersbos gebore - waar sy grootgeword het en is dus 'n ou B'bosser. 'n Seun, Shane (51) en 'n dogter, Nelmarie (54) is uit die huwelik gebore en Jack laat 1 kleinkind, Levi White agter. Levi is net so talentvol soos oupa, maar agter 'n klavier.

Die gesin was vir 5 jaar in Otjiwarongo in Namibië en daarna werk Jack vir 24 jaar in Port Elizabeth tot en met sy aftrede in 1993. Hulle bou hul aftrede huis in 1996 in De Kelders. Trudie onthou hom as 'n opregte 'omgee-mens' wat altyd en oral probeer help het waar hy kon. "Jack was 'n wonderlike man vir my gewees en 'n goeie pa vir ons kinders en was altyd beleefd, nederig en vriendelik," het Trudie bewoë gesê. "'n Dankdiens is in die Kaap gehou terwille van Jack se 89-jarige suster, Pearl."

Southern Overberg City Nature Challenge -In nature with fun-

Take the
City Nature Challenge 2022
29 April-2 May

Cities and towns around the world this year work together to record biodiversity in a friendly and fun City Nature Challenge, from 29 April to 2 May. This year, the Southern Overberg region is participating in this bio blitz style for the first time. The City Nature Challenge started in 2016 between Los Angeles County and San Francisco but has subsequently grown into an international event. Since South African cities joined in 2019, we have consistently delivered nature's winners, with Cape Town winning with the most observations and the most species observed last year.

All nature lovers are encouraged to join the challenge over the long weekend, to log all the plant and animal species they see in nature in their region. These nature lovers, or citizen scientists, make their observations by using the nature application, iNaturalist on their smartphones. The following week, between 3 May and 8 May, they have time to upload their observations onto the iNaturalist platform. Those interested can then identify their species logged on the app with the help of the iNaturalist community of experts.

You're invited to join

The Botanical Society of South Africa (BotSoc) and the South African National Biodiversity Institute (SANBI's) Custodians of Rare and Endangered Wildflowers (CREW) programme together with the Cape Agulhas Municipality and a host of partners are organizing nature observation walks in the Southern Overberg - and anyone is invited to join.

According to the Southern Overberg City Nature Challenge project leader, Ian Fortuin, "We've got a fantastic weekend of activities planned, and we're excited to see what the Southern Overberg has to offer in terms of our wonderful nature. This is a great way for everyone - parents and children alike - to enjoy a weekend in nature." The goal of the City Nature Challenge is to connect people to their local nature, and

each other. All the information collected throughout the weekend also feeds into local conservation activities. Southern Overberg City Nature Challenge organizer, Charleen Brunke says, "by helping us make observations, you really can make a difference to the conservation of biodiversity in our region."

South Africa's involvement

According to CREW Manager, Suvarna Parbhoo Mohan, "Already 20 South African cities and regions have signed up to participate this year. The excitement to be nature's richest town or region is picking up."

BotSoc's Conservation Manager, Rupert Koopman says it's wonderful that so many BotSoc Branches are joining the challenge this year. "That means there's ample opportunity for BotSoc members and all nature lovers to become citizen scientists for the weekend and join the action. We'll also have BotSoc and CREW representatives attending events across South Africa." Here is a link to online training resources

<https://www.inaturalist.org/pages/video+tutorials>

What do you need?

You need a smartphone with GPS and an internet connection to upload your observations at home, at a library, school, or coffee shop. Download the iNaturalist app on your phone and create your profile.

How to take part

Charleen says, "Join the City Nature Challenge in the Southern Overberg and be part of the action and the latest developments about where we'll be getting into nature to log all the species we see, also known as bioblitzing."

2nd Group of ladies – Lighthouse2Lighthouse Walk

07 to 10 April 2022

Ladies' Group photo on Day 1

normal water and Quoin did what he had to do – drink the water while in the ice cream container. Quoin's number is 37 and the Two Oceans Aquarium will keep them updated of his progress.

Day 4 – Pearly Beach to Danger Point Lighthouse, there was a little bit of wind and it was hot. 74 out of the 80 ladies finished successfully, lots of blisters, lots of laughter and already they are looking forward to next year. A fantastic achievement for all the ladies.

The committee did both walks (February & April): Elna de Villiers, Michele Serfontein (Chairperson), Roleen Wessels and Carien Gooding. A great achievement – these ladies have walked a total 200km with not much of a break in between the two events. Well done!!

At the end of the route at the Danger Point Lighthouse the ladies were met by the sponsors, family and friends and were given their medals.

Once they received their medals, Lynne Oosthuizen and myself called them to collect their ice lollies which were sponsored by Sugarberry Distributors in Hermanus. They have been providing me with these ice lollies for many years – thank you Josh, it is much appreciated. The other treats were toasted marshmallows, wine gums and jelly babies. This is always a pleasure and enjoyment for me.

Before the ladies departed on the buses for Grotto Beach, Michele Serfontein (Chairperson) called Sgt Woensdregt Basson, WO Riaan Mostert and Sgt Adele Basson of Gansbaai SAPS. She thanked them for looking after the ladies during the event and to their surprise she presented them each with a Lighthouse2Lighthouse Ladies medal for all the years of being there for the ladies. Well done Gansbaai SAPS, you did us proud.

To all the ladies who participated, I salute you with your amazing achievement, rest well and see you next year.

Entries open in August 2022 and should you require any further information, please check their web page: <http://lighthouse2lighthouse.co.za>. Should any company wish to become involved with sponsorship, please contact Elna de Villiers via email: elna.devilliers59@gmail.com

The Lighthouse2Lighthouse Ladies walk began in 2006 with 10 ladies participating to raise funds for cancer. Over the years the numbers grew to a total of 120 ladies participating. Since COVID the format had to change and now the event is held in two different months with a total of 80 ladies participating at each walk.

Their vision is: "To bring Light to the Overstrand Community by Fundraising for Charities".

Sunday 10 April 2022 was another day of joy, smiles, tiredness and satisfaction of the ladies who participated in the Lighthouse2Lighthouse Ladies – a walk from L'Agulhas Lighthouse to Danger Point Lighthouse – 100km over 4 days. This 4-Day event was to raise funds for SOFCA – The Hermanus Frail Care Centre.

I met the ladies in Kleinbaai and Elna de Villiers PR, Fundraising & Marketing Events manager said all was going well. The ladies were all smiling and were looking forward to the final stage of the walk which ended at the Danger Point Lighthouse.

Elna said that on Day 1 the ladies walked 17kms and they walked in rain most of the day which cleared up later the afternoon.

Day 2 commenced from Brandfontein to Die

Damme – 19km and it was a lovely walk, also in rain then sunshine. They ended Friday with a special fundraising evening in the form of a German Beer Festival which the ladies were only told about on the Thursday. A small entrance fee was charged and an auction was held. This led to more funds being raised. In addition, the committee dressed up for the occasion and served the walkers. Stavros Pastellides of Whale Coast Brewing Co and his friend Richard Kotze also looked after the ladies on the evening.

Day 3 – The ladies walked from Die Damme to Pearly Beach which was 27kms, a very windy day and it was a long day because of the distance. On this route shortly after Quoin, one of the ladies of Gansbaai Marzanne Cloete who works at Biermann Malan Optometrists picked up a baby hatchling turtle, Elna contacted Elaine du Toit Bayer of the Beanery in Hermanus (they sponsored the coffee on this walk). She collected it at Bufflesjag and another person collected it in Somerset West and by 16h00 on Saturday this little 'Quoin' (the name the ladies gave this him / her turtle) was at the Two Oceans Aquarium in Cape Town. This is a first ever for the Lighthouse2Lighthouse, after all the years of participating, that one was found that they know of. They kept it warm, did not put it back in the sea because it needs fresh water of a temperature of 27 and 29 degrees. Gave him
