3. Ken Jy Die Reëls van Gholf?  
Do you know the Rules of Golf?

## QUESTION:

What's the ruling?

## ANSWER:

**This rule was changed as of January 1, 2023. The new rule states:** If a ball played from the green hits and is deflected by an insect, the stroke counts. Chip must play his ball as it lies. (If it was an animal other than an insect, worm or similar, the

stroke wouldn't count, and it would have to be replayed without penalty.) Rule 11.1b(2).

With permission from Gerrit Oechtering of Artigo GmbH.

4. **Spelers het gevra dat die komitee uitsluitel moet gee rakende die platgemaakte molshoopsand in die sukkelveld waarop die bal in spel beland.** (Vertaling deur Clive Bailey en Cecille Coetzee. Die engelse weergawe is dalk meer korrek)

### **Abnormale Baantoestand as gevolg van diere se aktiwiteite.**

**Definisie van 'Dier' in die reëlboek:** Enige lewende lid van die diereryk (anders as die mens), insluitend soogdiere, voëls, reptiele, amfibieë en ongewerweldes (soos wurms, insekte, spinnekoppe en skaaldiere).

**Definisie van 'Diergat' in die reëlboek:** Enige gat gegrawe in die grond deur 'n dier, behalwe gate deur diere wat ook as los hindernisse gedefinieer word (soos wurms of insekte).

Die term 'diergat' sluit in:

- Die los materiaal wat die dier uit die gat gegrawe het,
- Enige uitgewerkte getrapte pad of spoor wat lei tot die ingang van die gat, en
- Enige area op die grond wat opgelig is of verander is as gevolg van die dier wat ondergronds grawe

Sulke gate sluit nie die dier se spore in wat nie deel is van 'n getrapte pad of spoor wat lei tot die ingang van die gat nie.

**Definisie van 'los hindernisse' in die reëlboek:** Enige onaangehegte natuurlike voorwerp soos:

- Klippe, los gras, blare, takke en stokke,
- Dooie diere en dier afval,
- Wurms, insekte en soortgelyke diere wat maklik verwyder kan word, en die hope of webbe wat hulle bou (soos wurm gietings en miershope), en
- Klompes gekompakteerde grond (insluitend lug proppe).

Sulke natuurlike voorwerpe word nie as los beskou indien hulle:

- Geheg is of groeiend is,
- Vassit in die grond (dit wil sê nie maklik uitgetrek kan word nie), of

- Vaskleef aan die bal.

### **Die komitee het soos volg besluit:**

Die baan instandhoudingspersoneel sal beveel word om nie molshope of opgeligte materiaal in die sukkelveld plat te vee nie. Dit beteken dat reël 16.1a word gebruik om vrye verligting te kry. Die bal wat in reeds platgemaakte areas eindig moet gespeel word soos dit lê. Dus in die toekoms as die bal op of in 'n diergat in die sukkelveld beland, geld reël 16.1a soos in die onderstaande diagram aangetoon word:

**Players have asked the committee to clarify what should be done when a ball lands in the semi-rough on ground from a flattened mole heap.**

### **Abnormal Course Condition as a result of animal activity.**

**Definition of Animal in the rule book:** Any living member of the animal kingdom (other than humans), including mammals, birds, reptiles, amphibians and invertebrates (such as worms, insects, spiders and crustaceans).

**Definition of Animal Hole in the rule book:** Any hole dug in the ground by an animal, except for holes that are also defined as *loose impediments* dug by animals (such as worms or insects).

The term *animal hole* includes:

- The loose material the *animal* dug out of the hole,
- Any worn-down track or trail leading into the hole, and
- Any area on the ground pushed up or altered as a result of the animal digging the hole underground.

An *animal hole* does not include *animal* footprints that are not part of a worn down track or trail leading into an *animal hole*.

**Definition of loose impediments in the rule book:** Any unattached natural object such as:

- Stones, loose grass, leaves, branches and sticks,
- Dead animals and animal waste,
- Worms, insects and similar animals that can be removed easily, and the mounds or webs that they build (such as worm casts and ant hills), and
- Clumps of compacted soil (including aeration plugs).

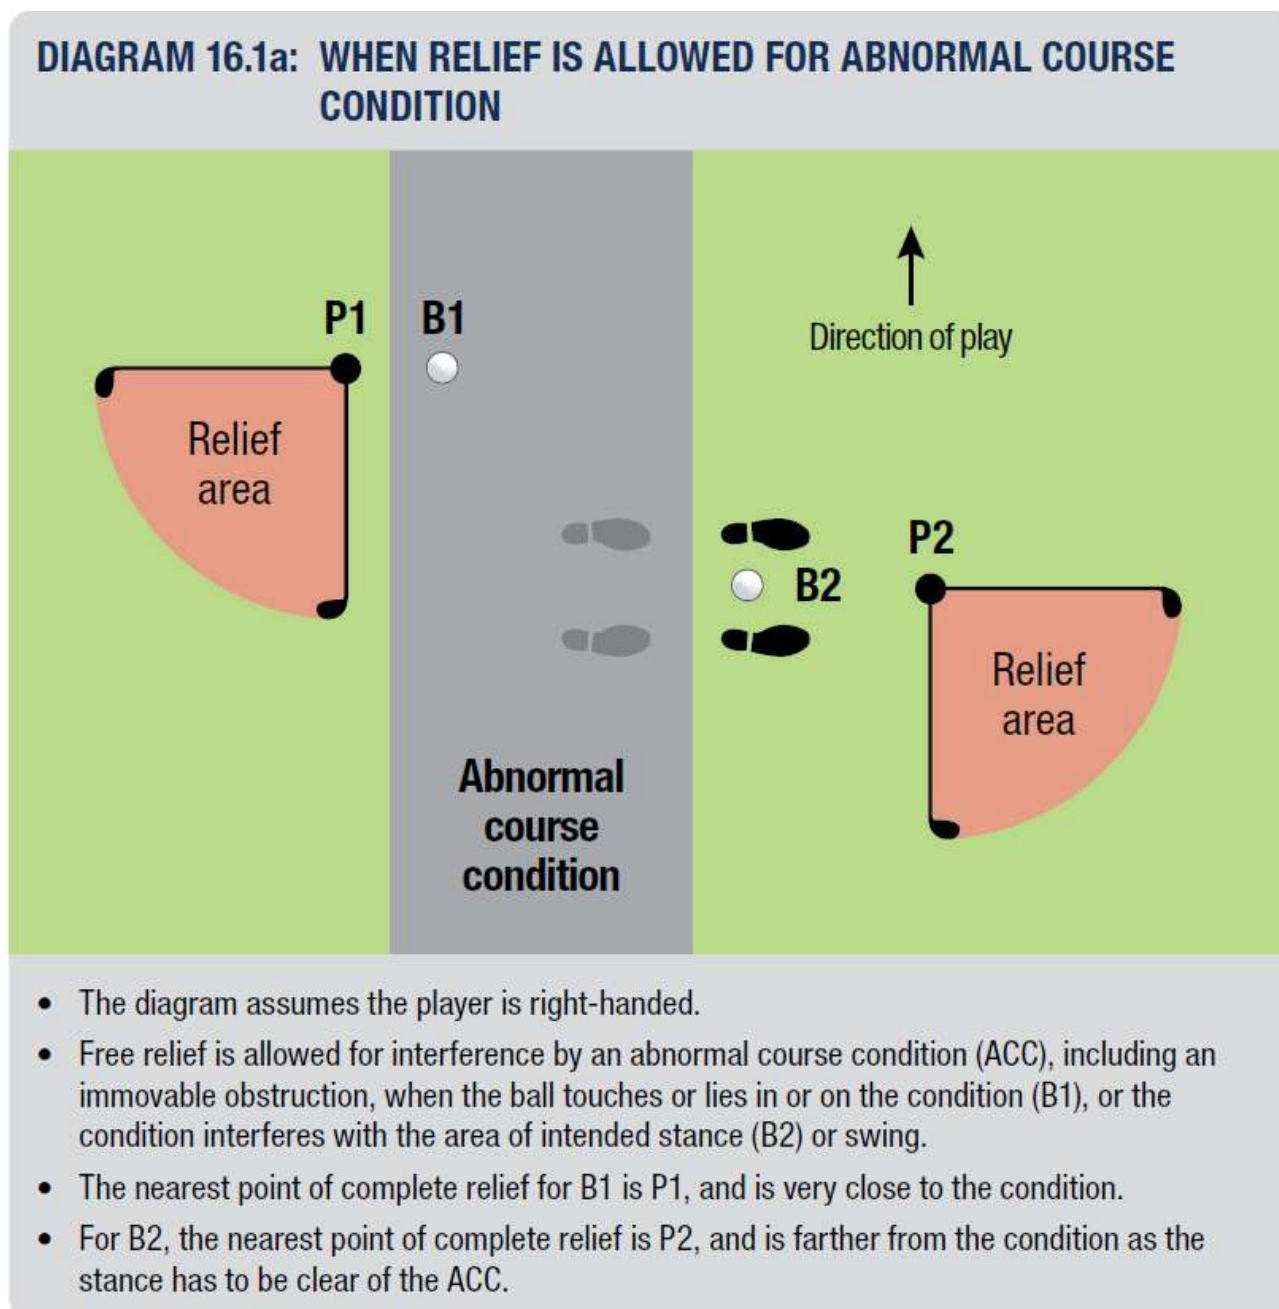

Such natural objects are not loose if they are:

- Attached or growing,

- Solidly embedded in the ground (that is, cannot be picked out easily), or
- Sticking to the ball.

**The committee decided as follows:**

The course maintenance staff will be instructed not to flatten mole heaps or raised ground in the semi-rough so that rule 16.1a can be applied for a free drop in the semi-rough. Areas that have, up till now, been flattened are to be played as the ball lies. So if in future the ball lies in the defined animal hole then rule 16.1a applies as can be seen in the diagram:
