6. Ken jy die reels van Gholf? Do you know the rules of Golf?

The Drop Zone

Rules Tip

Rules concerned are: 10.2b, 22.6, 23.8, 23.8/1

When a player begins taking a stance for the stroke (which means they have at least one foot in position for that stance) and until the stroke is made, there are limitations relating to when and why a player's caddie may deliberately stand on or close to an extension of the line of play behind the ball. This area is known as the "restricted area".

This prohibition extends into team competition too. When playing in foursomes, a player must not stand on or close to an extension of the line of play behind the ball while their partner is making a stroke to gain information for the side's next stroke.

Similarly in four-ball, a player must not stand on or close to an extension of the line of play behind the ball while their partner is making a stroke to gain information for their (the player's) next stroke. Most commonly on the putting green.
