CLUB NEWS / KLUBNUUS

➤ JAARVERSLAG GELEWER BY AJV – Klubkaptein, Bev Swart:

Onder die huidige omstandighede gaan dit goed met ons klub.

Dit was 'n aangename verrassing om die jaar met 'n bykans nuwe komitee te begin. Die feit dat die tesourier dieselfde gebly het, is baie positief ervaar. Finansies bly die hartklop van elke organisasie, hoe groot of klein ookal. Met verliese van byna R100 000 oor die inperkingsmaande van Maart tot Junie, kon ons nog steeds die salarisse betaal.

Deur deeglike oorsig oor die borgdae gedurende die somermaande te hou, het Pieter Loubser en Johan Pfister ons inkomste met R60 000 opgestoot. Baie dankie, manne!

Dankie ook aan Hennie Kriel en Johan Pfister wat betrokke was met Andries en Pietman se “Oppie Stoep” aand waar daar 250 mense teenwoordig was.

Die nuwe Baanopsigter, Welcome Wulana, moet nog heelwat leer, maar het reeds 'n groot impak op die baan en op die toestand van die stoorkamers, gehad.

Die kroegarea lyk baie goed nadat dit opgeknop is met geld wat voor die inperking bymekaar gemaak is. Dank aan Hennie Kriel, Bev Swart en Koos Myburgh.

Die voorskrifte rakende die reëls wat tydens inperking toegepas moet word, moet te alle tye nagekom word as ons wil gholf speel, en nie Hermanus of enige ander klub moet as voorbeeld vir ons dien nie. In Gansbaai volg ons die reëls wat deur GolfSA daar gestel is om nagekom te word.

GOLF GAME TIPS / GHOLF WENKE

Groove Sharpener

If you've never used a golf club sharpener, you're missing out. Because this is the fastest and easiest way to bring your clubs back to life in a matter of minutes!

Oftentimes after golf we brush our clubs off and throw them back in the bag and think nothing of it (we're all guilty of this). **However**, we all also know this is not the best practice. Much like a car or your home, your clubs need attention and upkeep as well. With our golf club groover and sharpener you can keep the grooves on your clubs up to par and have longer, lasting performance out of your clubs.

So what's the benefit?

1. Longer lasting clubs
2. Increased spin rate of up to the 600 rpm's
3. More control on your shots - with a sharpened groove, you're able to reduce roll out when landing on the green by up to 50%

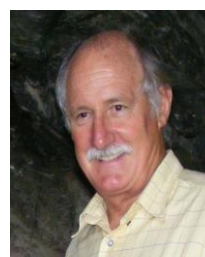

There is nothing high tech about this gadget. In fact, it's very easy to use and very durable!

PREMIUM HIGH GRADE STEEL

Highest quality metal construction. Made from high grade precision tooled Vacuum Heat Treated Steel with a maximum hardness of 65 Rockwell for maximum durability and effectiveness. Find the edge that fits your groove and go to work! **The Golf Club Groover** and Sharpener is precision engineered to exacting tolerances to ensure that it does not compromise the R&A and USGA rules regarding width and depth.
