6. Inskryf van jou Gholf Telling (Uitreksel van HNA Handicap News) Entering your Golf Score (Extract from HNA Handicap News)

Make sure you play off the correct Course Handicap:

Each course and each tee potentially present you with a different Course Handicap, so it is important to make sure you check your CH before you play.

You can easily do this and enter your scores via the [HNA Handicaps & Tournament App](#), the [HNA website](#) or through the handicap terminals at golf clubs.

Maak seker dat jy van die korrekte Baanvoorgee speel:

Elke baan en elke bof het die potensiaal om jou 'n ander Baanvoorgee te gee, daarom is dit belangrik om seker te maak van jou BV voordat jy afslaan.

Jy kan dit, en jou tellings, maklik indien deur die [HNA Handicaps & Tournament App](#), die [HNA webtuiste](#) of die voorgee terminale by verskillende klubs te gebruik.

Skryf jou tellings betyds in:

Wanneer daar klaar gespeel is, word spelers gevra om die tellings voor middernag van die dag van spel in te skryf. Dit sal verseker dat soveel moontlike tellings gebruik sal word om die Spel Kondisie Berekening uit te voer. Dit word gebruik om te bepaal of daar 'n vereffening op die tellings verskille gemaak moet word as gevolg van ongunstige weersomstandighede of as gevolg van hoe die baan voorberei is vir die dag se spel.

As jy versuim om die telling binne 2 ure na middernag van die dag se spel in te sit, sal daar outomaties 'n Straf Telling deur die sisteem ingestel word. Die Straf Telling sal gelyk wees aan die laagste telling verkil van die laaste 20 tellings wat op die sisteem geregistreer is.

Die Straf Telling sal moontlik gebruik word in die berekening van jou Voorgee Indeks totdat dit uit jou jongste 20 tellings uitval.

Nota: Spelers wat die volgende dag speel en versuim het om die telling voor middernag in te skryf, sal nie 'n geldige Voorgee Indeks vir die volgende dag se spel hê nie. Die speler kan dan moontlik nie in die kompetisie toegelaat word nie.

Enter your scores on time:

Upon completion of the round, golfers are requested to enter their score before midnight on the day of play. This will ensure that as many scores as possible will be taken into account when calculating the Playing Conditions Calculation, which determines whether there is a need to adjust the calculated score differential due to adverse weather conditions or course setup on the day of play.

Failure to enter a score within 24 hours after midnight of the day the round was played, will result in a Penalty Score automatically being applied by the system. The Penalty Score will be equal to the player's lowest score differential from their previous 20 scores entered on the system.

The Penalty Score will be considered in your Handicap Index calculation until it falls out of your most recent 20 scores.

Note: Players who are playing the next day and do not enter their score on the day of play will not have a valid Handicap Index the following day and could therefore be excluded from competing in a competition.

Maak seker dat jy die regte telling inskryf:

Jy is verantwoordelik daarvoor om seker te maak dat jou telling akkuraat en suksesvol ingeskryf is. Jy kan dit doen deur dit op die 'Handicap Record Sheet' op die HNA sisteem na te gaan. As jou telling nie daar te siene is nie, dan is dit nie korrek ingeskryf nie. Jy sal dit dan weer moet inskryf.

As jy 'n verkeerde telling ingeskryf het, sal die klub se voorgee adminstrateur dit kan korrigeer.

Ensure you enter the correct score:

The onus is on you to ensure your scores are entered successfully and accurately. You can check this by visiting your 'Handicap Record Sheet' on the HNA system. If a score doesn't show here, then it hasn't been entered successfully and you will have to resubmit it.

If you have submitted an incorrect score, your home club's handicap administrator will be able to correct the entry for you.

As jy 'n besondere telling behaal:

As jy 'n telling verskil tussen 7.0 en 9.9 houe inskryf wat beter is as jou VI (HI), dan het jy 'n besondere telling ingeskryf. Die sisteem sal dan jou VI met 1 hou verminder. As die telling verskil gelyk is of beter is as 10.0 houe as jou VI dan sal die sisteem jou VI met 3 houe verminder.

Achieving an exceptional score:

If your score differential is between 7.0 and 9.9 strokes better than your HI, you will have submitted an exceptional score and the system will cut your HI by 1 stroke. If your score differential is equal to or greater than 10.0 strokes better than your HI, then the system will cut your HI by 3 strokes.

Die Spel Kondisie Berekening (PCC):

Jou spel word gemeet teen die Baan Valuasie en Helling Valuasie van die bowwe wat gespeel was. Die waardes is gebaseer op normale speel kondisies. Weer kondisies en baan opstel kondisies kan maak dat die baan makliker of moeiliker as normaal speel.

Wanneer kondisies sodanig is dat tellings abnormaal hoog of laag is, dan word 'n Spel Kondisie Berekening [Playing Conditions Calculation (PCC)] gebruik om jou Telling Verskil te verander. Dit is om jou dag se spel nader aan jou vermons te maak. Dié berekening word deur 'n statistiese prosedure gedoen wat die aanvaarbare tellings van die dag se spel wat ingedien is vergelyk met die verwagte tellings van daardie spelers. Die PCC word outomaties bereken deur die voorgee bedienaar en daarom is daar nie ekstra werk vir jou of die klub administrateurs.

The Playing Conditions Calculation (PCC)

Your performance is measured against the Course Rating and Slope Rating of the tees that were played. However, these values are based on normal playing conditions and factors such as weather or course set-up can make a course play harder or easier than normal.

When abnormal course or weather conditions cause scores to be unusually high or low on a given day, a Playing Conditions Calculation (PCC) will adjust your Score Differential to better reflect your actual performance. This mechanism works by a statistical procedure that

evaluates acceptable scores submitted each day and compares them to the expected scores of those players. The PCC is calculated automatically by the handicap server, so there is no additional work for you or the club administrators.

Inskryf van vreemde baan tellings

Jy kan en moet tellings inskryf van vreemde bane wat nie op die HNA sisteem geregistreer is op die HNA sisteem invul. Om dit te doen selekteer die 'Foreign Round' opsie gedurende die 1ste stap van die telling inskryf proses.

Entering foreign rounds

You can and must enter scores for foreign courses that are not registered on our system. To do this, select the 'Foreign Round' option during Step 1 of the score-entry process.
