Display and Rock
Garden at Harold
Porter Gardens.
(HPG).

Hermanus
Cliffpath,
Structures in
sandstone and
geological
history of the
Cape Supergroup

Gansbaai,
Earth Age
Display and Rock
Garden at the
African Penguin
Sanctuary.

- Simultaneously, the OGG is engaging with Pre-primary, and Primary/High Schools in the Hemel & Aarde Valley and elsewhere, to expose learners, educators, and laypersons to geology, rocks, minerals, soils, water, and their critical role of underpinning our environment, natural resources, food supplies, and infrastructure.
- The organization holds regular online and ad hoc meetings, and field excursions for members and interested parties, **with nominal membership fees of R250 per annum.**
- **Donations and sponsorship** from interested parties are important to fund these larger projects.

The OGG is registered as a Non-Profit Organisation (Reg. No. 275-138 NPO).

Banking details: Bank: Standard Bank
